

LAST MINUTE REHEARSALS — Gwene Taylor, Tulsa Freshman, and Richard Kelton, Miami freshman spend a few extra minutes going over their lines in preparation for "All My Sons", which will begin tonight in the college auditorium. This will be Northeastern A&M's first production of the year.

'All My Sons' Opens Tonight

Tonight at 8 p.m. in the college auditorium, the Arthur Miller play, "All My Sons", will begin.

In the cast are Ronald Preston (Joe Keller), Bonnie Jo Stoner (Kate Keller), Richard Kelton (Chris Keller), Gwen Taylor (Ann Deever), Ted Watts (George Deever), Ron Ballew (Dr. Jim Bayliss), Gaye Phillips (Mrs. Bayliss), Jerry Mickie

(Frank Lubey), and Pat Smith (Lydia Lubey).

Bruce Owen, head of Northeastern A&M dramatics, is director; David Froman, technical director; Donna McNatt, assistant to the directors; Kenneth Richards, business manager; Roger Horn, stage manager; Ronnie Froman and Janet Marlow, lighting; Charles Sost, Ron Preston, Richard Kelton and Ted

Watts, art work; Almarie Owen, costumes. Sue Webb, props; Carolyn Sturdy, house staff; Mark Hodder, Gary Brown, Don Garvin, Gary Krokroska, Bonnie Stoner and Eileen Jacobson, stage crew; and Pat Smith and Janice Hammons, make-up.

Faculty members will be admitted free, but their families will be charged the regular admission.

Homecoming Preparations In Full Swing At College

The Northeastern A&M homecoming festivities are becoming the busiest topics at the college.

Many clubs and organizations, as well as several individuals, are already devoting a great amount of time to this annual celebration, although it is still more than two weeks away.

This year's homecoming will be Nov. 4. In the homecoming game, the Golden Norsemen will meet the Cameron Aggies. Although it is uncertain at this time, many football followers expect this game to decide the conference title.

Seventeen clubs and organizations have announced an intent to enter floats in the homecoming parade, with ten of these clubs sponsoring a queen.

The homecoming parade is scheduled to begin at 4 p. m. Besides the several floats entered in the parade, there will also be the Norse Stars, Air Force ROTC cadets, College band, Air Force ROTC Drill team, and several high school bands marching in the parade.

The football game between the Norsemen and the Cameron Aggies will begin at 8 p. m. At halftime, one of the club queen candidates will be chosen as "Homecoming Queen."

The Northeastern A&M Alumni Association also has a full day planned. The president of this association is Dale Rie.

Throughout the day, registration and reception will be held for the alumni in the student union. At 1 p. m., there will be a meeting of the board of directors. Then, at 6 p. m., there will be an alumni banquet, followed by the election of officers and a business meeting.

Two Records At Stake

One of the most competitive homecoming games in recent years is promised to Northeastern A&M fans for November 4.

This year, the Golden Norsemen will meet the powerful Cameron Aggies of Lawton. Both the Norsemen and the Aggies are currently ranked high nationally, so the game promises to be hotly contested.

FANTASTIC RECORD

In the past 15 years, the Norsemen have compiled an almost fantastic homecoming record. Coach Red Robertson's teams have won 14 homecoming games while losing only one during his stretch. Only twice during this period have the Norsemen been held below 20 points in a game. At the same time, the Norsemen have allowed three or more touchdowns only three times. Evidence of the margins piled up by the Norsemen is shown in the accumulative score of 485-106.

From 1946 through 1953, the Norsemen were unbeaten in homecoming games, outscoring opponents by a total of 359-54.

But, in 1954, the streak came to an abrupt halt at the hands of the Cameron Aggies, when the

Norsemen were downed 19-13.

In 1955, Northeastern A&M downed Graceland Junior College of Lamoni, Iowa 17-7 in the homecoming game to start a new uncoming game to start a new uncoming string which still exists.

The Cameron Aggies, this year's opponents, have compiled an enviable record against the Norsemen in the past 15 years. In this time, the Aggies have downed the Norsemen seven times while losing only three games.

FIRST AGGIE DEFEAT?

At the same time, the Norsemen will be seeking their first victory over Cameron in ten years. The last time Northeastern A&M was able to conquer the Aggies was in 1951, when the score was 19-14.

Only once in recent years has Northeastern A&M defeated Cameron in a homecoming contest. This occurred in 1948, when the Norsemen downed a previously unbeaten Aggie team by a decisive 37-14 count.

If the homecoming contest of 1961 lives up to its expectations, the Northeastern A&M alumni can come prepared for a real thriller between two powerful football teams.

Girls-Boys Will Meet On Basketball Court

Fifteen girls from Northeastern A&M college have extended a challenge to the male population of the school to play them in a basketball game October 23 in the college gym.

Proving in last year's Powder Puff Bowl that college women are a little more than athletic,

the girls decided to show people that they could compete with the dominant sex on a more than even basis.

BOYS WEAR SKIRTS

The game will be played with girls' rules on a neutral court, and with the exception of a few minor stipulations the two teams will be equal. These stipulations are as follows: The boys will be required to wear several different costumes throughout the contest, such as skirts and boxing gloves; girls will have no required wardrobes and will be hindered in no manner; the referees for the game will be Homa Thomas and Jack Recker, whom the girls claim to be completely impartial.

Sophomores Sondra Hackett and Judy Fronterhouse are expected to lead the courting ladies.

Parents Day Held

Parents Day at Northeastern A&M, the first such event ever held at the college, was termed a large success.

Parents began arriving on the campus early in the morning, and by noon there were a large number registered.

Many parents ate in the cafeteria with the students.

PARENTS SEE CAMPUS

At 1 p. m., there was a visitation period for the parents, during which the various buildings and facilities on the campus. At 3 p. m. there was an entertainment period. The program consisted of music presented by the band and chorus.

TO BE ANNUAL

During the faculty reception, Dr. Bruce G. Carter announced that there would be an annual Parents Day since this one had been so successful.

Ending the day's festivities was the football game against the Wichita Freshmen. Parents were invited to attend the game, and special seats were arranged for the parents of the players along the sidelines.

Freshmen Turn Tables

Northeastern A&M Holds Hell Week

Northeastern A&M students were faced last week with an ordeal, which for some will most likely be unforgettable.

October 12 and 13 were designated by the Student Council as "Hell Week," during which the members of the freshman class were required to fulfill the wishes of the sophomores.

On Thursday, freshmen boys were required to roll their pants legs above the knees, and the girls were required to wear short skirts.

A lively noon period saw students being tossed into a tank filled with mud and water.

On Friday, all freshmen were required to wear their clothing inside-out. As one can imagine, this was rather ridiculous looking, and was thoroughly enjoyed by members of the sophomore class and possibly by a few freshmen, too.

TUG-OF-WAR

At 12:30 p. m., boys of the freshman class engaged in a

tug-of-war with boys of the sophomore class. Football players were excused from this activity. The pull started with classes standing on opposite sides of a pond located on the football practice field. The freshmen won the tug-of-war, thus winning the right to stop wearing the green bonnie.

At the end of this contest, members of both classes proceeded to throw nearly all spectators into the pond. This included girls as well as boys, and

part of the student body got a thorough dousing.

During "Hell Week" the Red Cross bloodmobile was on campus. The college had challenged the entire city of Miami to a contest of blood donations. To make the event more interesting, a contest was held between the freshmen and the sophomores.

The day ended with a student dance following the victory over the University of Wichita freshmen.

Editorials

A Kind of Spirit

The Golden Norse football squad appeared to be fired up last Friday night, and it's no wonder. What with our very own instructors pulling pranks and acting like college students, it was about time the student body let its hair down and did some yelling.

Some students are under the impression that all there is to spirit is a lot of noise making and hell raising. If it takes this for the students of a college to back fellow students, then we are all for it. We are under the impression that there are several degrees of spirit. One kind follows the individuals wherever they may go.....as long as they are winning. On the other hand there is sometimes found a kind of spirit which takes responsibility for losses as well as victories.

In football, a secret of defense is gang-tackling. The winning offense is one with good individual blocking. The secret of spirit is for everyone to care.

If we have poor spirit, it is each individual's fault. If we have great spirit, it lies within each one of us. Which kind do you want.....How bad?

The Faculty's Help

Probably one of the biggest reasons for dropouts in most colleges is lack of individual attention to the problems of students. It is with the utmost sincerity that we compliment the faculty of Northeastern A&M college for the personal help they give to their students.

In many of the nation's schools, a student who is having a great many problems in his classes and his personal life is just out of luck. Although there are no full-time psychologists employed at Northwestern, sincere counseling of high quality may be given by any one of several instructors. There is not too much reason for anyone to drop out of school at the first setback.

One fault of the counseling which has been brought up more often than others is the lack of detailed guidance in the planning of curriculum. Several students put too much responsibility on the shoulders of their advisor and neglect their own responsibility in choosing the right schedule.

Now - And Nov. 4

November 4, graduates of Northeastern A&M college will be pouring into Miami. What they see that day will be their impression of our school.

With the great emphasis on homecoming, it would seem that Nov. 4 may be the most important day of the year. But the entire day (or the year, for that matter) will not be made Nov. 4, but in the weeks preceding.

There rarely has to be any encouragement to make students work on the various floats being prepared for the homecoming parade, and yet this point cannot be stressed enough. This is one part of the year when there is something for everyone in school to do, and there should be no excuses for anyone to miss out on the various activities.

Floats are being prepared by nearly every organization on campus, and by now most students should have some affiliation with one or more of the clubs. If not, the dormitories are also working on floats, and will welcome any help. All of this information points to one fact: there is work for everyone to do on the floats for the homecoming parade.

Floats are not the only part of homecoming activities which will be going on in the next few weeks. Many students will be asked to participate in one or more of the various committees being established for homecoming programs.

Through the day many parents and relatives of students and alumni will be on the NEO campus. It is the responsibility of each student to extend his courtesy and help to these people. Also, this would be a good time for you to invite your family to attend homecoming.

War Or Peace

The threat of war against the United States is great today. World tensions mount more and more every hour. At this moment two powerful countries exchange troubled words and thoughts over the freedom of the people of Berlin.

Let us consider two questions here. First, is the freedom of the Berlin people worth the United States going to war with Russia? Second, could America or even the world withstand the devastation of such a war?

The simplest way to discuss the first question is to ask what freedom. This is shown by the daily reports of the Berlin people the fight. It is certain that the Berlin people want this precious freedom. This is shown by the daily reports of the Berlin people running, swimming, or jumping from buildings to freedom. If freedom means enough to these people that they would risk their lives, then the least America can do, is to see they get this freedom and keep it.

As for the United States or the world withstanding such a war, it is highly improbable that a great number of people will survive. We must face the fact that war could come at any moment, and we must never shut our eyes to this fact.

Donna McNatt:

By Oden's Daughter

Did you ever see a football player in a lacy curler cap, using a high, squeaky voice, and his long, hairy arms to play cards in the aisle of a bus? Or people in luggage racks sawing logs? Does "seven coats of finger nail polish between here and Chicago" ring a bell? If none of these are familiar to you, ask someone who went to Grand Rapids to explain.

It was a fairly rosy trip except for one "muddy" spot. The trip will long be in the memories of about 100 college students, and where, but at NEO, could that many people take advantage of such a wonderful experience.

HOMECOMING QUEENS

Most of the homecoming

queen candidates have been selected. When you consider that each girl represents \$50, it totals to a good sum of money. Let's hope that the queen, whoever she may be, will respect the work behind that money and represent the school the COMPLETE year, instead of marrying and leaving one week after homecoming, as was done in the past. Here's wishing each girl the best of luck, and reminding them that they are a member of a select group of beautiful girls who have given NEO's homecomings a lift for many years. "ALL MY SONS"

For three weeks, amid partially painted paper trees and a half-built brick wall, the rehearsals for Arthur Miller's "All My Sons" took place. The understudied look of the stage went well with the unpolished work of the performers. But, tonight, the brilliantly constructed set will merely be a backdrop for the story that will be portrayed there. It is a tightly assembled play, with each scene developing into a story that you will never forget.

A BIT OF BLOOD

Thirty-six people playing musical chairs; four with thermometers in their mouths; and a nurse jabbing holes in people's fingers was what confronted me as I entered the blood bank Thursday afternoon. One end of the room was mysteriously covered with sheets and at the other was a snack table, where pale-white people were eating. Next to it were two pale-white beds where two pale-white people were.....GUTI! My first impulse was to give my blood.....to no one. But I was swept into line, bounced in a chair and told I was volunteering.

The worst part was waiting in line watching the Gray Ladies helping these poor, pitiful, semi-unconscious people over to the snack table. There was a little trouble when they couldn't find my vein, but a little jabbing took care of that. But to compensate for all the hardships, I was presented a pin showing my undoubted bravery and complete confidence in the Red Cross.

TWING THE TWIST - Cheerleader Gaye Phillips, absorbed in the intricacies of the twist, was photographed by Al Farenask. Her partner, who too attentive to his own movements, was at the left.

Buz Queen Announced

Sondra Hackett was elected queen of the Business Club at Northeastern A&M for the homecoming ceremonies which will be held November 4. Miss Hackett is a sophomore from Oklahoma City.

The Business Club is made up of business majors and is sponsored by Norma Thomas.

Norsemen Trounce Murray Footballers

The Golden Norsemen of Northeastern A&M mauled the Murray Aggies of Tishomingo, 55-14, here October 6.

The Norsemen, still smarting from a setback in the Mud Bowl at Grand Rapids, turned their fury full force against the hapless Aggies.

HUNGRY AGGIES

The Aggies had come onto the field very hungry for a victory, but the penetrating thrusts of the fighting Norsemen soon punctured the hopes of the visitors.

The Norsemen received the opening kickoff and started the drive which was climaxed by fullback Charles Bowen plunging over from the 2-yard line for the touchdown. Foy McClung kicked the extra point and the Norsemen held a 7-0 lead.

The Aggies hardly had time to recover from the Norsemen's first touchdown before they found themselves once again with their backs to the wall.

BOWEN AGAIN

Bowen again cracked through this time from 4 yards out, to give the home team a 13-0 lead.

Steve Priborsky climaxed the first quarter by charging 11 yards for another touchdown. McClung again converted, handing the Norse a 20-0 lead.

Midway in the period, quarterback Gene Burleson hit end J. B. Simmons with a pass from the 20-yard line. Simmons twisted into the end zone for a touchdown.

McCLUNG TO SIMMONS

Simmons was not through snaring touchdown passes, however, as only a few moments later he hauled in a McClung pass and galloped in for the fifth Norse touchdown of the half. McClung again kicked the extra point and the Norsemen led 34-0 at halftime.

George Cannon opened the second half scoring with a plunge from the 1-yard line, giving the Norsemen a 41-0 lead.

At this point of the game, Coach Red Robertson began clearing his bench in order to hold down the score. However, the Norse spirit was just as strong in the reserves as it had been in the regulars, and the score continued to mount.

The Aggies finally broke into the scoring column by pushing the Norse over their own goal line for a safety.

The fourth quarter saw each team score two touchdowns.

Phil Edgmon, Aggie fullback, scored the visitors' first touchdown early in the quarter, but the kick for extra point was wide, leaving the score at 41-8.

SPECTACULAR PLAY

One of the most spectacular plays of the game resulted in the next Norse touchdown. Bill Warner whipped a pass to Eugene Baker, Norseman end. As Baker was hauled to the ground by a group of Aggies, he lateraled to Ray Pasley, who skirted through half the Aggie team and into the end zone for a touchdown.

The final Norse touchdown came when Steve Priborsky found a hole and charged 14 yards to score. McClung's successful kick ended the Norse scoring, with the score 55-14.

With only moments left in the game, long after most of the members of the first two Norsemen units had gone to the showers, the Aggies scored on a 65 yard pass play. Ardell Murphy, Aggie halfback snared the pass and galloped in a clear field.

A WILD GAME

This ended one of the wildest, most lopsided games seen at Robertson field for many years. The Aggies, rated as one of the top passing teams in the conference, had completed only two passes during the evening. This, undoubtedly, was one of the primary reasons for the complete downfall of the Tishomingo lads.

Final statistics found the Norsemen with 18 first downs, compared to Murray's 10.

The Norsemen compiled 435 yards during the game, 185 by rushing, and 250 in the air. The serial attack was spearheaded by quarterback Gene Burleson, who completed 3 of 5 for 90 yards, and Foy McClung, who also completed 3 of 5 for 66 yards. Each threw a touchdown pass, with end J. B. Simmons snaring both of the passes.

Top ground gainer for the Norsemen was fullback Charles Bowen, who gained 85 yards in 20 carries, for an average of 4.25 yards per carry. Warren "Wahoo" Weller picked up 50 yards in 5 carries for an average of 10 yards per carry. One of his dashes was a 7 yard scamper early in the game. Steve Priborsky also was prominent in the ground gaining crew, with 30 yards in 5 carries for an average of 6 yards per carry.

The 55 points scored by the Norsemen is one of the highest totals turned in by a Northeastern A&M team in the past 15 years, said Robertson.

48 Veterans Enroll at NEO

Officials at Northeastern A&M report that 48 veterans are enrolled in classes this year.

Thirty-two veterans are enrolled in night classes. They are Phillip Barbour, Lawrence Barton, Willie Baumley, Chester Broderick, Dennis Carr, William DeMoss, Amos Everett, Romlee Flowers, Jackie Frazier, Ralph Goade, Howard Hoover, Steve Jurino, Homer Kemper, Charles Killingsworth, Billy Koehler, Harold Mailles, Arthur H. Morgan, Donald Pendley, James Qualls, Richard Queener, Robert Randall, Jackie Ross, Harold Smith, Johny Snodderly, Tommy Storm, Earnest Suddard, Jim Sweeton, Danny Thomas, Jack Tusinger, Richard Walker, Earnest Watson and Glim Whitman.

The other 16 veterans are enrolled as full-time students. They are Michael Blackburn, Marvin Cleveland, Judy Flanagan, Carolyn Gillispie, Joseph Hanes, Thelma Marie Harrison, Jerry Hughes, Donita Faye Jordan, Lloyd Martin, Jr., Billie Mae Meredith, James Pilgrim, James Ranstead, Jr., David Carl Triplet, Jimmy Vaughan, Connie Wolf and Patricia Ann Ziehl.

Students Give 175 Pints Of Blood to Red Cross

The Red Cross Bloodmobile visited the Northeastern A&M campus last week. Blood donations began at noon Tuesday, and lasted until noon Friday.

Prior to the visit, students at Northeastern A&M had challenged the city of Miami to a contest in blood donations. The classes also held a contest as a part of "Hell Week."

During the bloodmobile visit, 220 pints of blood were donated. The college students gave 175 pints, compared to 34 donated

by the citizens of Miami. An additional 11 pints were donated by faculty members at Northeastern A&M. In the contest between the sophomores and freshmen, the freshmen emerged as the winner, donating 95 pints compared to 80 for the sophomores.

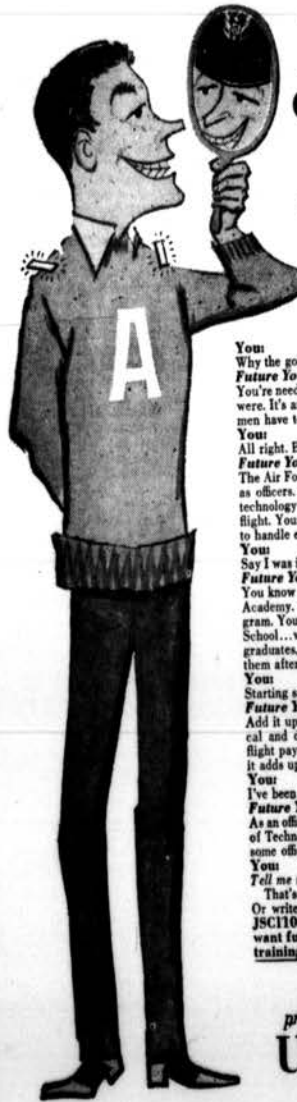

Helping with the bloodmobile were several Red Cross nurses from Tulsa. Charles Austin, head of the Tulsa Red Cross, announced that he was quite well pleased with the amount donated.

Ags Pick Princess

The agriculture students have nominated Diane Melton to be Aggie Princess, and homecoming queen candidate.

Miss Melton was chosen from a group of five finalists. The others were Sharon Wewer, Lillian Long, Sherry George, and Bonnie Allen.

The Aggie Princess is a sophomore majoring in home economics. She is a cheerleader and has been in the Norse Stars for two years. She is in the Pre-Med club and a member of the Phi Theta Kappa Honor Society.

had a one-man conference about your future lately?

You: Why the gold bars?

Future You:

You're needed... just as your father and grandfather were. It's an obligation that a lot of qualified colleges have to meet. If we don't...

You:

All right. But what can I do for the Air Force?

Future You:

The Air Force needs college trained men and women as officers. This is caused by the rapidly advancing technology that goes with hypersonic air and space flight. Your four years of college have equipped you to handle complex jobs.

You:

Say I was interested... how can I get to be an officer?

Future You:

You know about Air Force ROTC and the Air Force Academy. Then there's the navigator training program. You've probably heard about Officer Training School... where the Air Force takes certain college graduates, both men and women, and commissions them after three months of training.

You:

Starting salary is important. What about that?

Future You:

Add it up. Base pay, tax-free allowances, free medical and dental care, retirement provision, perhaps flight pay. You don't have to be an eco major to see it adds up to an attractive package.

You:

I've been thinking about getting my Master's.

Future You:

As an officer you can apply for the Air Force Institute of Technology. At no cost, and while on active duty some officers may even win their P.A.D. degrees.

You:

Tell me more.

That's the job of your local Air Force Recruiter. Or write to Officer Career Information, Dept. JSC110, Box 7608, Washington 4, D.C., if you want further information about the navigator training or Officer Training School programs.

There's a place for professional achievement in the U.S. Air Force

Norsemen To Battle Tonkawa Mavericks Tonight

The Northeastern A&M Golden Norsemen will put their unbeaten conference record on the line tonight against the also unbeaten, but once tied, Northern Mavericks at Tonkawa.

The Norsemen downed the University of Wichita freshmen here Friday night. At the same time, the Mavericks were busy

stomping El Dorado, Kan., Junior College, 30-7.

The Norse have an overall record of 4-3, with a 2-0 record in conference play. The Mavericks stand 4-3-1, with a 1-0-1 the Norsemen are tied with Cameron for the top spot in the conference, although the Aggies have played one less game. The

Mavericks stand third in conference play, with the only blemish on their record being a 6-6 tie with the Murray Aggies, the same team which the Norsemen overhwhelmed 55-14.

Although the Norsemen played good ball at times against Wichita Coach "Red" Robertson stated that he was far from

pleased with their play, and that they would have to improve if they were to stand a chance against the Mavericks.

The Norsemen will be without the services of Jim Hirsch, who suffered a shoulder separation last week in practice. It is doubtful if guard Jim Aber-

nathy, who suffered a knee injury in the Wichita game, will see action tonight. It is also uncertain whether Gary Williamson, speedy halfback of the Norse who turned in several fine punt returns in the Wichita game, will be able to play. Williamson was also injured.

CLEAT BY
PRINT BOB RICHARDS

For anyone who is not too familiar with the technicalities of football, let us examine NEO's grid machine.

We run from a balanced line, double wing formation (double wing means that the halfbacks take a position one yard behind and out side the end). This setup gives four receivers a chance to get out side the end. This setup gives four receivers a chance to get out side the end. This setup gives four receivers a chance to get out side the end. This setup gives four receivers a chance to get out side the end.

The fullback takes the blunt of plays into the middle of the line. Men in motion give blocking strength to one side or the other or put a person in position for a quick handoff. Key men in the offensive set up are the pulling guards and the fullback. Nearly every play depends on them.

Defensively, we have a 3-3-2 set up. The middle line backer is called the rover, the six men up front work independently of every one else, each man taking his position by the call of the line backed on his side. Also, for spice we feature a 4-4 alignment with one person shooting each gap.

An opinion of NEO's teams was obtained when this writer asked a Murry player what he was told in the scouting report about NEO. He replied, "Nothing much, except that they would sure knock your head off."

Do you know who is doing what for NEO? Here are a few enlightening statistics. Defensive: individual tackles: Morgan-65; Cahoon-63; Panter-44; Craichyt-37; Porter-29. . . . Al Fisher is blocked only Norseman to block a punt this year. . . . Al Brewer has blocked one extra. Offensive: Burleson-24 carries, 1 touchdown, average 1.62 yards; Kelley-27 carries, 3.14 average, and 3 touchdowns; Weller-24 carries, a 5.10 average, and 1 touchdown; Priborsky-49 carries 3.12 yards average, and 2 touchdowns; Cannon-36 carries 5.20 yards average, and 3 touchdowns; Bowen-70 carries, (400 3.12 yards average, and 2 touchdowns; 5.71 yards average, and 4 touchdowns.

Burleson leads in every phase of passing: 44 attempts, 26 completions, 6 interceptions, 463 yards gained, percentage of .583 and 6 touchdowns tosses.

NEO Tops Wichita Frosh

The Northeastern A&M Golden Norsemen overpowered the strong University of Wichita Freshman squad here Friday night by a 26-7 score.

Earlier in the week, it was learned that the Norsemen had been dropped from the nation's top twenty teams for the first time in several years. It was apparent that the Norse were determined to regain this status as they doggedly fought the strong defense of the Kansans.

The opening moments of the game found the Norsemen punting nearly as often as running, as the team was able to gain only seven yards in their first eight plays.

BURLESON PASSES
Midway in the first quarter southpaw Quarterback Gene Burleson fired a long pass from the Wichita 49-yard line. End J. B. Simmons snared the pass and romped into the end zone to give the Norse a 6-0 lead.

Only seconds later, with the visitors possessing the ball on their own goal line, End Jim Fisher blocked a punt fir a safety, putting the Norse in front 8-0.

In the second quarter the Norse started a drive downfield which was climaxed by Warren "Wahoo" Weller scampering 19 yards for the touchdown. McClung's kick was good and the Norsemen were ahead 15-0.

Fullback Charles Bowen scored the final touchdown of the first

half with a 48-yard dash along the sideline. McClung's kick was wide, and the score was 21-0 at halftime.

WILLIAMSON SETS UP TD

The Norse struck paydirt again in the third quarter. Halfback Gary Williamson received a Wichita punt on the 18-yard line, and returned it to the Wichita 18-yard line before finally being hauled down. Gene Burleson capped the drive as he plunged over from the 1-yard line for the TD. McClung kicked the extra point.

Late in the third quarter Wichita scored Quarterback Billy Uzeli completed a pass to End Larry Meyers, who scampered into the end zone for a touchdown. The play netted 30 yards. The pass attempt for the extra point was good, making the score 26-7.

The two teams tightened their defenses in the last quarter of the game and no touchdowns were scored.

LOSS NUMBER 1 FOR FROSH

The Wichita Freshmen had previously been unbeaten, and in their last game had downed Arkansas City, 21-. The Arkansas City team dumped the Norse 20-19 in the season's opener, and is currently ranked eleventh in the nation.

The Norse compiled ten first downs to eight for the visitors. The Norsemen gained 191 yards

Marine Select Officer at NEO

Captain Ralph P. Holt, Marine Corps Selection Officer of Oklahoma, visited Northeastern A&M Oct. 9 and 10.

Captain Holt, whose stand was located in the student union, interviewed students who were interested in becoming commissioned officers.

Students being interviewed were informed that the Marine Corps offers draft deferments to students while attending college and commissions to male students who can qualify for its Platoon Leaders Class. After completion of the required training and graduation from college, candidates will be commissioned Second Lieutenants. Qualified seniors and graduates may apply for enrollment in the Officer Candidate course or Aviation Officer Candidate Course.

NEO A&M College Archive Collection

The Norsewind – the NEO A&M College Newspaper

Digital copies of The Norsewind, Northeastern Oklahoma A&M College's student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
