"Father of the Bride" Is Added Attraction For Returning Grads

Something new has been added to the Nov. 18 and 19 Homecoming festivities.

This year's event will begin Friday evening when the sports department will present a three-act play "Father of the Bride," directed by Ruth Arrington and Bruce Owen.

Alumni are receiving notices to come in for this "vintage" at an added cost except just to be there.

Registration will begin tonight and early Saturday morning at 9:30 a. m. in the faculty lounge.

Milford Gibson, alumni president, has mailed program reminders. Homecoming was moved from an earlier date to the November, Greenwood college game here on Saturday, Nov. 18.

Already shaping up are plans for a downtown parade which President Bruce G. Carter hopes will be "bigger and better than ever." The parade will begin at 4 p. m. Main street Saturday afternoon.

Also various organizations on the campus are nominating homecoming queens, the contest to be crowned at half-time.

The same afternoon the Alumni dinner will be held in the college dining hall at 5:30 p. m. Earlier in the day the Letterman's luncheon will be held at the Miami hotel at 12:30 p. m.

After the Greenwood-Notre-Dame football game Saturday night, the all-college dance will be held in the gymnasium. Music will be furnished by Paul James and his band from Joplin. Memorable details of homecoming are being worked out by Miss Gibson, J. E. Hall, vice president, and Mary Jane Roberts, secretary.

NUMBER THREE

'Jet Stream' Reports Big Rodeo Is Set

Sophomore cadets are busy making preparations for the first annual AFROTC rodeo to be held Sunday, Nov. 6, at 2 p. m. at the Kallig rodeo grounds, east of Miami.

The purpose of this rodeo is to raise funds for the purchase of AFROTC cadets to take field trips to various Air Force installations during the year.

Chairmen chosen to serve on the various committees are:

Publicity—Porter Gray and J. W. Beckley; Grandstand—McFerson and Pete Ingram; Sales—Joe Garrison; Program—Don King and Dan Webster; Stock—Sammy Farrington.

Tentative events already scheduled include: calf roping, steer riding, horse riding, barrel racing, granddip race for the faculty and wild cow milking.

An entry fee of \$2.00 will be charged for each event. Prize money will be awarded in the following manner: 1st place, 40 percent of the total entry fee in each event; 2nd place, 25 percent of the total entry fee; and 3rd place, 15 percent of the total entry fee.

Entry in any event is open only to junior college and high school students. Anyone desiring to enter any event is requested to sign his or her name on the entry list in the Administration building. Admission prices to the rodeo are 50¢ for adults and children over 12. Children under 12 admitted free when accompanied by parents.

Future Plans Of Press Club Are Disclosed

Members of the Press Club met Monday, Oct. 18, to elect officers for the first semester.

Those chosen as officers were: Howard Kiefer, Miami, president; J. R. Bond, Drumright, vice president; Karen Hughes, Adair, secretary; Carl Hoyt, McAlester, reporter; and Shelby Blankenship, student council representative.

Committees were appointed to be responsible for the first Homecoming, to plan a social, and to arrange the program for the regular meeting.

First committee members are: Shirley Jordan, Verla Allen and Shelby Blankenship. Responsible for a party to the near future are Rosam Masters, Freda York and Ruth Ann Armstrong.

The Press Club is sponsoring several socials during the coming year along with the other duties as an important organization on the campus.

During the semester the group will travel to some metropolitan newspaper offices. They will also hear lectures from prominent newspaper people.

At present the club is sponsoring a membership drive. All persons interested in becoming a part of the Press Club are invited to attend the next meeting.

In the auditorium of the Larson Music store.

Dr. James F. Rogers, dean of instruction at Southeastern State college and chairman of both the College Teachers organization at Southeastern State and the Oklahoma Educational Association; General Carlos P. Ronolo, Philippine envoy to the United States; and Dr. Forrest C. Pogue, author of "The Supreme Command," history of General Dwight D. Eisenhower's Command in northwest Europe.

Dr. Pogue will speak twice Friday, Oct. 28. He will address the College Teachers organization at 9 a. m. in the Mirror room of the Municipal Auditorium.

He will speak in the College Deans association at 2 p. m. in the

Pogue To Speak At Conclave

Classes will dismiss Thursday at noon, Oct. 26, in order that the faculty may attend the 8th O. L. A. convention which will be held Oct. 27 and 28 at Oklahoma City.

Among the many prominent speakers to appear on the program will be Dr. William G. Carr, executive secretary of the National Educational Association; General Carlos P. Ronolo, Philippine envoy to the United States; and Dr. Forrest C. Pogue, author of "The Supreme Command," history of General Dwight D. Eisenhower's Command in northwest Europe.

Dr. Pogue will speak twice Friday, Oct. 28. He will address the College Teachers organization at 9 a. m. in the Mirror room of the Municipal Auditorium.

Eleven Students Invited to PTK

Phi Theta Kappa, honorary scholastic organization, has invited eleven students to become members. In order to be eligible for Phi Theta Kappa, the student must be carrying at least 12 credit hours of which must be in the courses under arts and sciences.

All the lines of election lie must be within the upper scholastic ten percent of the regularly enrolled student body. Eligibility is based on the average of all college work previous to election. All members must have a grade average of not less than a "B".

The following people have passed these specifications and have been invited to join: Jay Yancy, Milton Schuler, Larry Bottom, Clinton Fells, Rose Prober, Jimmie Parker, Don Craven, Betty Golden, Cyrene Lockport, James Ward and James Fendergast.

Color Lithographs In Gallery Display

Thirty-five color lithographs by Benton Spruance are now being exhibited in the art gallery, Charles Banks Wilson.

"Northeastern is the first to receive this collection which is on tour," Wilson said. It is now at the Oklahoma City or Arkansas University.

Benton Spruance is the leading print maker in the nation. While studying in Europe on foreign scholarships he began his first experiments in lithography.

The Spruance knowledge of technique and composition have been at the disposal of his students for a number of years. His work is being seen in the workrooms of many of the younger printmakers.

Spruance has accumulated an impressive number of awards including first prize at the Sixth National Exhibition of Prints at the Library of Congress, the Kyrre football game and the Pennsylvania Academy show and first prize at the Artful for Victory Print Exhibition, Wilson said.

Representative Edmondson Names Defense and Schools In Speech Before Students

Preparedness Is Answer To Peace Puzzle

Speaking on military strength and better schooling, second district Congressman Ed Edmondson highlighted the assembly Friday, Oct. 14.

Rep. Edmondson stressed these two vital elements as major problems now facing the Congress.

Schooling is one of the toughest problems that Congress is tackling. Grade schools and secondary schools are very overcrowded and 27 percent of them are fire hazards.

On the military front, Edmondson pointed out that the people from behind the Iron Curtain.

"Fierce vigilance is the price of liberty," quoted Congressman Edmondson.

Proceeding his main talk, Rep. Edmondson complimented the school and commended Dr. Carter on preferring the presidency of Northeastern to the governorship of Oklahoma.

The lawmaker lives at Muskogee and is a graduate of the Oklahoma university law school. He is married and has four children.

Prior to the appearance of the main speakers, Dr. Carter made some announcements and introduced two familiar visitors, Charles Chantel and Mrs. Rex Euston Owen, who were seated in the audience.

Leading their talents in the program was the boys' quartet whose members are Ben Wallingford, Claude Denton, Hugo Johnson, and Bob Melton. Accompanied by Miss Leslie Allen, the quartet sang three selections.

Student council President Clyde Van Sickle continued the student body to ease up on the cafeteria, to better see and less abuse the Student Union.

Both of them were very interesting. But of all his remarks, a short one entitled "Let's Sit Around the Fire" was received with greater applause by the audience.

After the program, Dr. Bruce Carter addressed the students and emphasized that there would be no more haircuts.

Miss Prober announced "Are you waiting an engineers' jacket should meet in 'Charly's' room and get her young son out of bed in the morning.

Both of them were very interesting. But of all his remarks, a short one entitled "Let's Sit Around the Fire" was received with greater applause by the audience.

Miss Prober announced "Are you waiting an engineers' jacket should meet in 'Charly's' room and get her young son out of bed in the morning.

Melody Masters Quartet Is Well Received By All

On Tuesday, Oct. 11, an assembly was presented at Northeastern A&M college by the Melody Masters, a Negro male quartet. The program was entertaining and was appreciated by the students, especially since some of them succeeded in missing their 10 o'clock classes.

The quartet was talented and presented their songs with ease and included just enough comedy to hold the interest of the audience.

Some of the songs they presented were "Old McDonald Had a Farm," "I've Been Working on the Railroad," "John Brown's Body," "My Old Kentucky Home" and "Goodnight Irene."

They closed their program with "God Bless America," but returned for two encore singings "What Did Tennessee Boys?" and "The Bible Tells Me So." Of all the songs, "This Old Home" which was very popular a short time ago, seemed to be the most enjoyed.

During the program, the quartet was individually introduced to the student body and one of the men recited two poems, one entitled "Four Phases of Life" and the other about a woman trying to get her young son out of bed in the morning.

Both of them were very interesting. But of all his remarks, a short one entitled "Let's Sit Around the Fire" was received with greater applause by the audience.

After the program, Dr. Bruce Carter addressed the students and emphasized that there would be no more haircuts.

Classes Make Profs Head a Wobble

Which Donald Cook—the red head at the side who sits on the front row? Is that Ruth Ann Mason number one, two, or three? No. 1a—Susan or Colleen.

These are just every day problems for the instructor on the Northeastern A&M college campus. Weather calling for toll at grading papers? The problem of identity must be solved before they can proceed.

Some instructors have used numbers, some letters instead, others still bring the tall and even method, with varying and sometimes unexpected results.

Similar names are not unusual, but there are numbers of identical names. This year, some of the same strange coincidences, they all seem to have gotten into the same class.

MARKING THE MOVE of the weather this fall, Fats Scott will be around to help you with your weather. He will be around to help you with your weather. He will be around to help you with your weather.

...the new student that "arrived" in the morning is that "old, old" student who has already figured out, there is nothing good in this life. And if the broad mind is the attitude...

...the freshmen was going on, some wished that they were over so that all the nonsense would stop. They'd really get a kick out of just talking over old times? And don't they smile when someone says, "Remember when old Joe got peeled and was so mad that he went to the shower room and ate the bar of ivory soap?"

Homecoming Big Event

Homecoming is a big event and naturally our old grads want nothing but the best. A good dance following a good ball game is right up their alley. One of our neighboring colleges charged a door fee for the homecoming dance in order to hire a big name dance band. And not too surprisingly, the grads went for this in a big way. They were more than willing to pay in order to have a good dance band and make the homecoming festivities complete. This school has never charged and therefore has never had the funds to pay for the services of a big band. I think that it is only fair that we should make our homecoming dance a big event and make an all out effort to give the grads something to remember. Of course, the grads would be paying just like the rest of us, but I am sure that they would be willing to do so. Graduates of other schools have gone for the idea, and there is no reason to think that our grads would feel differently. This school has always been the leader, and other colleges have set their standards according to us. Let's get on the ball and keep that reputation. There is always a school waiting for us to slip. Let's go at this dance in a big way. We'll get more for our money. Many of our grads would probably go elsewhere for their dancing if we didn't offer them the best kind of entertainment. After all, seeing old friends and enjoying the companionship of old friends is the real reason our grads come back. Where could this fellowship occur other than on the old stomping grounds?—J. K.

Vets Need Help

The second meeting of the Veterans Club really went over big. But one little thing concerned those present. Where was every one? There were there? About ten. Now, do you remember a year or two ago when every one of the best clubs on campus were well stay home and watch? We elected Harry Ham, president; Dwayne Craybill, vice president; Bob Heltman, secretary-treasurer; Earl Prandy, student council representative; and James H. Doid, reporter. The dues were set at 1 with meetings set for the last Tuesday of each month. Plans were discussed on how to raise money for the organization expenses. A very good idea came up which should go over in a big way. However, at this time the vets don't want to spring it on the student body. Getting back to membership in the club, each veteran should give it some thought and at least attend a meeting. At least be seventy-five members. The more members, the more with the enrollment of one hundred and fifty, there should be better job vets can do and less work for everyone. So come on, you ex-G.I.'s. Attend the next meeting and make this club one of the best and biggest at NEO. If vets have a club at all, they will have to get behind it. It's all up to you—J.B.B.

Lowly Fresh Take Hazing From Sophomores During '55 Edition of 'Hell Week'

The new trend in men's hair styling seems to be that of cropping the brush close to the scalp, leaving a great deal to one's imagination. Three of these delightful laborers have already been admitted to Mr. Gibson's laboratory for further study. The results of these tests should prove to be quite startling. This is just one of the many things that resulted from this year's edition of "Hell Week." However, there has been some discussion over who has received the most hell. It seems that a well organized group of "Fresh" committed a dastardly deed by turning the sheep shears on their loving fellow sophomores Monday night. In all, there appeared to be a little domination in the male.

Wednesday, the gentlemen combed with the brush close to the scalp, leaving a great deal to one's imagination. Three of these delightful laborers have already been admitted to Mr. Gibson's laboratory for further study. The results of these tests should prove to be quite startling.

To make sure that the Nazing "Freshmen Shell" was true, the sophomores cordially invited all fresh to wear a cane for one week. Many instructed either invited all fresh to wear a cane for one week. Many instructed either invited all fresh to wear a cane for one week.

At first glance, one thought that many of our credits were suffering from some incurable disease. They appeared to be pale, lacking their usual lustre and vitality. It just goes to show the young men that frustration were the world's greatest invention.

Members of the department will stay overnight in the campus dorms there. A banquet Friday night will precede the meeting on Saturday, which will be devoted to the study of problems of the individual college publications.

A panel discussion will precede the meeting on Saturday, which will be devoted to the study of problems of the individual college publications. The panel discussion has approximately the meeting in previous years and is considered to be necessary for the complete discussion of press problems.

A panel discussion will precede the meeting on Saturday, which will be devoted to the study of problems of the individual college publications. The panel discussion has approximately the meeting in previous years and is considered to be necessary for the complete discussion of press problems.

As it usual with twins, we have had some rather amusing incidents. Donna and Diane have all their classes together, and rumor has it that they split the study work-load between them and then one girl answers in class, no matter who's name is called. Sherlyne and Lorraine do not have classes together and most of their two-class center around their social activities. A slight controversy on the part of the boys on the campus would indicate that the girls got a great deal of pleasure out of watching these incidents.

Don "the toe" Palmer split the uprights and Northwestern had the score.

YOUR THUMBNAILED SKETCH

Norse Have Fresh Greats; Six Soph Starters Standout

By DICK COUCH

Do you know your offensive team? Well, here are the members of the offensive starting line. Also, what they have done in the first 4 games this season.

The starting lineup may have changed since this article was written.

Starting out at left end is freshman Jerry Carlton, weighing 175 lbs., who is from Shawnee, Okla. Carlton has been a big gun in the lineup so far this season. He has caught 7 passes going 183 yards for 3 touchdowns and returned 2 punts for a gain of 9 yards.

At right end is Gene Juckins, a 195 lb. freshman from Palmon City, Okla. Juckins has suggested three passes for a gain of 38 yards and has scored one touchdown.

Jerry Haynes is a giant left tackle weighing 230 lbs. and hails from Chelsea, Okla. Haynes went to Tulsa in school last year, but came to NEO this year. The Northwestern are fortunate to have him with them because when he hits the line there is a hole opened up elsewhere.

Bob Martin plays the right tackle position for the Norsemen. He is a 190-pound freshman from Broken Arrow, Okla., and is doing a good job in filling his position.

At the quarterback position is Arthur Gaud, a 165-pound sophomore from Sand Springs, Okla. Gaud has been responsible for a large part of Northwestern's scoring this year. He has rushed the ball 53 times for a gain of 117 yards. He has averaged 2.21 yards per try for every time he hit the line, but hasn't got a TD as yet on rushing.

At the center position is Jim Page, a 150-pound freshman from Wagner, Okla. He is doing a fine job at center and will be very useful to Northwestern in the days ahead.

At the quarterback position is Arthur Gaud, a 165-pound sophomore from Sand Springs, Okla. Gaud has been responsible for a large part of Northwestern's scoring this year. He has rushed the ball 53 times for a gain of 117 yards. He has averaged 2.21 yards per try for every time he hit the line, but hasn't got a TD as yet on rushing.

NEW CHARACTERS in our endpapers

By BOB DOOLITTLE (Wisconsin State College)

For the first time, we have decided to introduce the man who on the Norse Wind staff is the least understood, to say the least. His name is about every two weeks, draws us a cartoon and then rushes back to, well, somewhere. He is of course Dick Biber, who will let Doolittle explain to you. Here it is—**BA**.

There is a certain little man who is rapidly becoming a part of the American campus scene. Book-toothed, rumple-haired, down-trodden, he is finishing Biology, occasionally late for classes, and appears to be headed for graduation by the process of Osmosis. His last worked for some service newspapers and YANK during the war.

Five years ago Biber asserted an ad for a college cartoonist as a student at Kansas University. He had worked for some service newspapers and YANK during the war.

He's Desperate in creating "Worthless" Biber drew fourteen faces. He selected the most stupid looking characteristics of each and combined them. The name "Worthless" he concocted, is very close to "Worthless". However, new characters have made their way into the cartoon panel. Several new characters include: Miss Lash, Burwell, Juvor, Bolivar, Dent, Bolivar, and a yet-to-be-named beauty that Worthless has his ro-cod-conscious eye on.

Biber plans his work a year in advance, making it possible to have his cartoons correspond to the school season. The panels are sent to college newspapers (over 200) in two bundles. The first bundle goes to all the papers and the second bundle will go to papers subscribing to more than one cartoon per week.

He's Hard To Stop Although Biber's hobby is cartooning, it is far from becoming a livelihood. The price that colleges can afford to pay for cartoons and the limited number used by some colleges can only keep Biber in cigarettes and the baby in his pocket. But, he says as long as he can think of ideas and as long as colleges want to run the cartoon, he'll keep drawing Worthless, Beart and Company.

Biber's present job has his assistant professor in the art on

His name is about every two weeks, draws us a cartoon and then rushes back to, well, somewhere. He is of course Dick Biber, who will let Doolittle explain to you. Here it is—**BA**.

There is a certain little man who is rapidly becoming a part of the American campus scene. Book-toothed, rumple-haired, down-trodden, he is finishing Biology, occasionally late for classes, and appears to be headed for graduation by the process of Osmosis. His last worked for some service newspapers and YANK during the war.

Five years ago Biber asserted an ad for a college cartoonist as a student at Kansas University. He had worked for some service newspapers and YANK during the war.

He's Desperate in creating "Worthless" Biber drew fourteen faces. He selected the most stupid looking characteristics of each and combined them. The name "Worthless" he concocted, is very close to "Worthless". However, new characters have made their way into the cartoon panel. Several new characters include: Miss Lash, Burwell, Juvor, Bolivar, Dent, Bolivar, and a yet-to-be-named beauty that Worthless has his ro-cod-conscious eye on.

Biber plans his work a year in advance, making it possible to have his cartoons correspond to the school season. The panels are sent to college newspapers (over 200) in two bundles. The first bundle goes to all the papers and the second bundle will go to papers subscribing to more than one cartoon per week.

He's Hard To Stop Although Biber's hobby is cartooning, it is far from becoming a livelihood. The price that colleges can afford to pay for cartoons and the limited number used by some colleges can only keep Biber in cigarettes and the baby in his pocket. But, he says as long as he can think of ideas and as long as colleges want to run the cartoon, he'll keep drawing Worthless, Beart and Company.

Biber's present job has his assistant professor in the art on

NEW CHARACTERS in our endpapers

By BOB DOOLITTLE (Wisconsin State College)

For the first time, we have decided to introduce the man who on the Norse Wind staff is the least understood, to say the least. His name is about every two weeks, draws us a cartoon and then rushes back to, well, somewhere. He is of course Dick Biber, who will let Doolittle explain to you. Here it is—**BA**.

NEO A&M College Archive Collection

The Norsewind – the NEO A&M College Newspaper

Digital copies of The Norsewind, Northeastern Oklahoma A&M College's student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
