AGGIE NOTES

Student Is Hurt In Homecoming Contest Efforts

Aggie freshman Miami Bap- broton back the fall while he was to fall in.

Dorsey is an experienced runner. The limb on which he braced, broke, sending him to the ground. Money derived from pecan enterprises was to be used to elect Roberts Crouch as the homecoming queen.

Dorsey's parents, Mr. and Mrs. C. A. Dorsey, have visited with Mr. and Mrs. Harry Syrar, while attending Carl's recovery.

Judging Team
 Meanwhile the Aggie judging team is trying out for judging at various shows later in the year. They have already made "Yala" and "Jolia" shows, judging classes of cattle, sheep and swine.

The high scores from these trials to the livestock shows and weekly classes will be the men who will make the Fort Worth top next spring.

The high men at present are Leroy Holman who is leading, with Jim Strives, Jim Allison, the Smart, Nathan Kuntz, Bob Dethrick, Richard Couch, Max Krenick, Fred Colney, Edward Colton, Harold Engelman, and Albert Sorenson following.

"The standings as they are now don't mean too much toward who will make the team because it is a lot of time and classes left," Coach Harry Syrar said.

Syrar stated, however, that although it was too early to tell who would make the team, he had some of the best livestock judges that N.E.O. has had for quite a while.

Farm Employers
 The college farm is using six of the Norse Stars trained at the farm on the 25 new officers.

All Airforce ROTC cadets at Oklahoma City, presented the men their commissions and members of the local chapter, gave response to the welcome and are present at the workshop on initiation and pledge.

In 1956, the chapter in Miami, presented the Chi chapter in Joplin with their charter.

Phi Theta Kappa will initiate its new members Thursday.

Verba Allen Is OCPA Director

Verba Allen, journalism major, Joe Eashley, Freda eck, Shirley Jordan, and Editor Roseann Banks, were named to the position.

Most of the state's Junior and senior colleges were present at the annual meeting held on the Stillwater campus.

Verba succeeded Lou Bowers, Stillwater campus.

Harmonettes Appear Here

"Breathes that a man with soul as dead who never to himself had said, this is my own, my native land." With this quotation from the "Swanee Song" by Scott, the Harrow High School Harmonettes sang "This Is My Country" in a program before the student body Tuesday, Nov. 8.

COLD MEALS?

Johnny: "Now that winter and cold weather is here we will have lots of chili peppers."

Conny: "Golly, don't you have windows in your house?"

Norse Wind Displays New Head and Body Dress in This Edition

About Face! Yes, the Norse Wind also has a new dress for this Homecoming edition. ("It's style about permits capital 'H' for Homecoming.")

Following the able leadership of the publishers of the Miami News-Record, Norse Wind staffers called for many hands to be done in up and down style tops and Imperial body type, both new members of the type family here.

In addition, the columns are a piece of two narrow, which is typical of some. Let's discuss reading?

Thanks go to president and the bride" are (back row, left to right) N. B. East, David York and Peggy Duncan. (Photo by James R. Bond)

"Welcome alumni" is the key-note at all quarters as organizations worked feverishly to get floats built and all the money in from students who have been out of town for their favorite queen.

Excitement and high morale is the rule as anticipation of plans for the weekend unfolds. Since the victory over Tyler last Thursday, in high grade football, the campus has a renewed, vibrant confidence which is only explained by such a triumph.

Play Is Ready To Stage Friday Night

For the first time in the homecoming activities will be held on Friday, A three-part program of the homecoming activities will be held on Friday, A three-part program of the homecoming activities will be held on Friday.

Parade Plans Set

Directed by Ruth Arrington and Bruce Owen, the parade is a week of the famous playground. The parade will be held on Friday, A three-part program of the homecoming activities will be held on Friday.

At High Noon

All high noon all letters of previous years will meet in the Miami hotel dining room for the third annual Norse letterman's luncheon. Coach S. Albert (Red) Robertson and staff will host the former athletes.

Welcome Will Be Given

Welcome will be given to those who arrive at 11 a. m. Saturday at the headquarters set up in the Miami hotel lobby. Refreshments will also be served there.

Annual Dinner

The alumni dinner is scheduled for 6:30 p. m. at the college dining hall at 5:30 p. m. in charge of the program will be the Norse graduates from 1923 through 1955.

Step Further

Plans calling for the renovation of the college building, and building of a new dormitory for men will be built.

Extension Plans To Include Men's Dorm

Plans calling for the renovation of the college building, and building of a new dormitory for men will be built.

Players Ready To Stage Play Friday Night

For the first time in the homecoming activities will be held on Friday, A three-part program of the homecoming activities will be held on Friday.

Prospective Royalty

Five organizations are vying to elect their choice by raising funds selling football tickets and making in business.

...that we had a book of a lot of them. The only one I remember, was he said the letter...

...to note the methods of selling... in the various areas. They're different in the various levels, too. For instance:

Grade School: First he shows and then says. They usually get some buy a chance on a chicken. They can get an answer he makes off saying "That's alright lady. The chicken probably won't be good like in school seasons." They play it real slow. I represent the senior class of I. G. Horant high school. We're selling chances on a lovely woman rug and I'm sure that you would like to buy chance cause I know you're interested in us little girls, aren't you Ma'am?"

College Man: Hi, you little ole lady lady, you. Give your little ole bluish hooks in this here box and pick a lucky number. You may win a trip to Europe. We're not sponsoring a trip to Europe, but you may win one sometime.

Housewife: No, I don't think so today.
Student: Fine, now how many do you want kid?
Wife: No, I really don't think so.
Student: I'm not interested in all your little problems.
Girl: Well, how much does the tickets?
Student: That's inside the point. We're giving away a Bill Haley album.
Cat (now frustrated): I'll take just an even box full, man.

SET YOUR STANDARDS

This week marks the beginning of another nine weeks. It also marks the beginning of a new period of work and grades.

There are several students who were not pleased with the results of the previous nine weeks. If these people were to sit down and think they would realize that they "reaped only what was sown." When a student's time is spent sensibly on his studies he will not be disappointed with the results in the final outcome.

When one works diligently on his studies, he can be sure he will be pleased with the grades he receives for his work.

Students who want a clear conscience must put forth some effort. Don't leave your work until the last minute and then throw it together just any old way. Use the time allotted for your work, then you can be sure of the type and quality of work you will be proud to hand in for a grade.

There are many ways to prepare a lesson, but there is only one way to prepare it correctly. There are a number of his events coming up during this nine weeks, so there will be less time to spend on lessons.

Remember the old saying, "A stitch in time saves nine." This is true to a great extent, if you've kept your assignments up to date when the end of the semester rolls around.

HOMECOMING STORIES

The Homecoming football game at Northeastern A & M will be Saturday. They will play Graceland of Iowa and it promises to be an exciting game.

All the clubs and organizations have been very busy raising money for their queen candidates. Of course all the clubs are doing their very best because they want their queen to be homecoming queen. It is also a very exciting event in the lives of these girls, and it would be a great honor to win.

Homecoming is also a great time for all the graduates. It gives them an opportunity to come back and see their old "camping ground."

The speech club is also putting on a play for former students. The play is entitled "Father of the Bride." It sounds as if it will really be working hard to make this year's homecoming the best.

CADETS MAKE PROGRESS

Local Cadets Complimented By Reviewing Officers Recently

Brigadier General Mauries Marrs, Oklahoma's AFROTC cadet officers in a special ceremony on the local drill field Tuesday afternoon.

Twenty cadet officers were commissioned to serve for the remainder of the term. The officers were commissioned in accordance with the provisions of the Air Force Regulation governing cadet officers in the AFROTC.

The commissions were presented to the cadets by the reviewing officers just prior to a parade and review by all units.

The marching units, paced by the AFROTC, received high ratings and many commendations from the reviewing officers. The units proved to be progressing according to all expectations. One officer commented that the units looked better after nine weeks of training than last year's units after two full semesters of training.

General Marrs, speaking to the public and members of the cadets, body not participating in AFROTC.

In a prepared statement, Dr. Bruce G. Carter, college president, once again reminded the personnel that wearing the colors of the Armed Forces of the United States was more of a privilege than a duty.

draw approximately 678 contestants from AIE and FFA organizations.

J. B. Norton, Northeastern Oklahoma's Vo-Ag Supervisor is in charge of the meeting at Beady Ranch.

Homecoming Queen
 The Aggies elected Roberta Jones as their queen for the year. They are working hard to win the queen race and have several projects started in order to raise money for the queen.

The Aggies met Tuesday night at the Little Theatre. C. O. Bales, agriculture service director at the First National bank, and Raymond Gregory, assistant county agent, were guests for the night.

They discussed plans for the homecoming and then a movie was shown by Billy Christensen.

After the movie, Bales spoke on the subject "How to Make Loans: Different Types of Loans and Importance of Building Credit and Industrial Integrity."

Bales and Gregory were both voted into the Aggie Society honorary members after Bales' speech.

Socials, Homecoming Are Seen At NEO

Fashion News

By Shirley Jordan

Campus Clubs Battle For Viking Queen

Reports from various organizations on the campus reveal homecoming preparations are running full speed ahead.

According to Harry Byner, sponsor of the Aggies, the Aggie and Aggieettes have combined forces to prepare for homecoming festivities. In order to raise money for the queen campaign and the float they are engaging in extra activities. They are selling chances on a dressed pig, selling football tickets, popcorn balls, and picking up pennies.

Selected for their candidate is Roberta Crouch.

The Engineers have started their campaign in an earnest way. They are selling chance tickets on a gift certificate at Miller-Berkey's. They are also selling football tickets for the Graceland game.

Oren Need, Engineer sponsor, said, "We've raised enough to cover our expenses for homecoming and some extra."

The Engineers' candidate for homecoming queen is Ann Cowan, Miami sophomore.

This organization is to be congratulated for their excellent work toward raising the homecoming spirit.

Just to be different the Press club has held a rummage sale, and a bake sale to raise funds for the homecoming expenses. They too are selling football tickets.

Their candidate for homecoming queen is Freda York, Tulsa freshman.

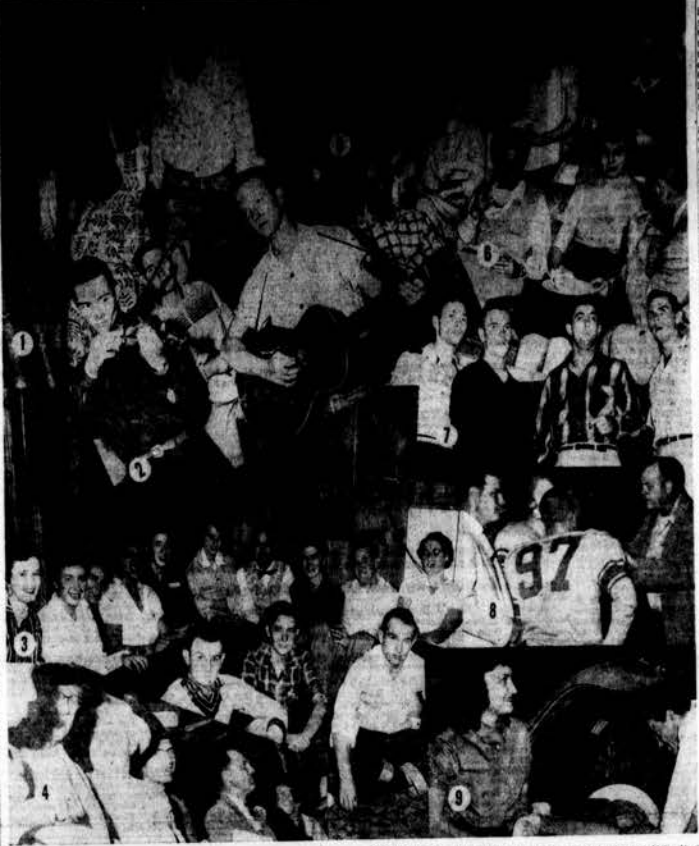

Business & Industrials Hit

The Business and Industrials club are selling white and yellow Miami football tickets, and chances on a case of shotgun shells Jo Ann Cantrell, Miami sophomore, has been selected as their candidate for homecoming queen.

The Veterans organization is selling chances on fifty dollars worth of clothing at Miller-Berkey.

A jump ahead of the other organizations on the campus, they have already started work on their float. Their queen candidate is Rose Ann Masters, Miami sophomore.

Notice from the office this week stated that a change of 20 cents will be made for stamps at the place Saturday night. Library cards will be good for all other students.

Here are some of the recent events on the NEO campus. Reading from left to right above in picture number 1 are Truman Snow, July Montgomery, Elizabeth Huta, Verne Auker, and Marian Dyer. In front of Mrs. Thompson, picture number 2 are Betty Ball, Laura Catin, tilling to Vandenberg, at party in picture number 3 are Vera Allen, Shirley Wallingford, Claude Downer, Bob Miles, and Hugh Johnson, college quartet. In picture number 4 are Dewey Lynch, Jim Ellis, and "Red" Robertson at the Northern game. In picture number 5 are Betty Moore, and Wayne Glenn, biology instructor.

HOMECOMING! It's that important time of the year again when the girls on the campus would certainly like to know what to wear. The order of the day for the homecoming football game seems to be suit or suit dress. Of course high heels are expected. For the homecoming dance after the game the same suit you wore to the game is completely right. If you would like to change, a party dress that is not too elaborate is recommended. This is allowed a wide range in what to wear, but as I've said before in this column don't over do it, just follow the rule, "Keep it simple."

Headless Wandering

Headless were never more wandering than now. They are making news, sometimes even starting every midway variation. Clothes offer short lengths faster than any type of figure.

You can have them either short or long. There also is news in between lengths, lengths we haven't seen in years. One of the most surprising lengths is called Intermittent.

It's possible to pick up length to protect the most becoming effect for any woman.

Meanwhile for those who can't make up their minds, there's a equally good news. There are hemlines which, as it were, straddle all lines. They're long in some places, short in others. They're broken with fraying panels, boomerangs, eye size thinking they're long at one moment, short at another. Or they cut short in front.

POLL FAVORS NIXON

A student opinion poll by the Associated Collegiate Press indicates that 52 percent of all students believe that Vice-President Richard Nixon will be selected as his running partner if President Eisenhower runs for a second term in 1956.

A DAY OF THANKSGIVING

Give Thanks On The Day That's Set Aside

THE LORD HAS been good to us another year," has been said every year since 1820 when the Pilgrims first felt moved to give thanks for his help in this year of 1955. They had so much to be thankful for.

Bradford of Plymouth colony. The Pilgrims landed Dec. 21, 1518, by dint of willpower and faith they survived that first hard winter. The summer was over and the grain had been cut. So the little colony that felt they had so much to be thankful for, gave thanks.

The next day set aside for Thanksgiving was July 30, 1621. This was again a day of thanksgiving for the colony making it

generally celebrated by everyone.

Canada has long observed a day of thanksgiving, which is proclaimed annually by the governor-general. It has concluded with harvest in October, with Armistice Day, and with the Thanksgiving day of the United States, but is now an October holiday, and observed much like our Thanksgiving.

England Has Day

England had its first experience of an American Thanksgiving in 1942 when churches throughout Britain were turned over to the American army for the Thanksgiving service. Westminster Abbey for the first time in its 800 years was in the hands of outsiders. The "Stars and Stripes" were borne through the

The Golden Norsemen will have their hands full Saturday as they meet 1944-45 with the Greenwald Junior College of Des Moines, Iowa. The clash which will mark the final game of the 1944 football season for the Norsemen, will also be their annual "Homecoming" game of the year.

Greenwald's Yellowjackets boast of a 35-man squad and their school support and spirit is probably the best of any Junior College I have ever seen. They are an interview center.

Greenwald will enter the game with players from 20 states all over the nation. The Yellowjackets always have a big following on each and every out-of-town game, and they are expected to be a speedy bunch.

Greenwald's Yellowjackets last week, 24 and all of their scoring was done on passing. The Yellowjackets offense is likely to be hard to follow because they run off the single-wing, split-T and pull the Notre Dame shift, that being from the split-T to the split-T. They can pass from either formation with considerable efficiency.

Norsemen will take into the game a 5-1 record and as stated before this game will wind up the Broken Arrow, Okla. He has had 100 touchdowns in his career. The Vikings and Greenwald will average about the same in weight, 150 pounds on the line and 180 in the starting backfield. "Red" Robertson is expected to have his hands full when the Yellowjackets take the field against the Golden Norsemen of N.E.O.

Robert Maxwell is a Miami product playing in the backfield position. He is a freshman weighing 187 lbs.

Jerry Keys plays in the backfield slot. He is a 160-lb. sophomore from Mayville, Okla., and is doing some good defensive work for the team this year.

Ray Judkins is a 180-lb. freshman playing in the fullback position. He is a fast, hard running freshman from Okla. City, Okla.

Bill Routh also plays in the fullback position. He is a freshman from Shawnee, Okla., and weighs 175 lbs. He has been seeing a lot of action this year for the Norsemen.

Wyrick, Guard Eugene Wyrick is a Wyandotte, Okla., product playing in the guard position. He is a hustling 175-lb. guard. He is a hard hitting 170-lb. sophomore coming from Broken Arrow, Okla.

Bob Baker is playing his first year of football here for the Golden Norsemen and is coming along fine points after the touchdowns.

The second period saw no scoring but Kayser halfback T. H. Lynn, almost the whole OMA attack, kept punching away in a losing cause. He himself accounted for 87 yards of the 81 net-yards (1-b. Kaydes from Clarence) picked up during the contest.

The final period had probably the most exciting play of the evening as Richard "Lucky" Bradshaw an end, converted to quarterback for this contest, scampered 73 yards on a fourth down situation. Bradshaw had needed 2 yards on the play and ended up sprinting 23 yards to paydirt, on the keeper that swung around right end. Gary Griffin a guard, boomed the extra point across the uprights and that ended the Viking scoring.

Sideline activity had some fans wondering if they (the Norsemen) had time to do the monkey plans Camera Agnes two weeks ago that were committed against the line. The Aggie handed Norsemen their only loss, 14-7.

But a week later, monkey shines cost the Norse their utter, tragic defeat at the hands of a spirited Northern championship squad, 26-14. Such is history—in football.

The Golden Norsemen covered quarter machine in the Purdue 24, 11, and 71 yards on the first play.

Norseman halfback Ted Estes pulled over from the 10-yard line for the first tally, halfback Bob Maxwell went 2 yards for the second TD, and Don Palmer passed 33 yards to Viking and Harold Hark for the third. Don "the toe" Palmer then kicked all three.

Norsemen made a vain attempt to score in the closing seconds of the contest as Good passed to Judkins on the Tyler 6-yard stripe. The gun sounded before the Norsemen could get another play off, and they were content to settle with the 24-14.

Norsemen's final game of the season is their "Homecoming" contest with Greenwald Junior College Yellowjackets of Des Moines, Iowa. The contest will be played Saturday night at 8 o'clock.

Field Goal Attempt
The Norsemen tried for 11 minutes with some real line showman-ship. Then came the Norsemen's first line performance of the season. Every one of the 2,000 fans that packed the stadium agreed that they walked off with the best drill team unit of the two excellent squads.

The Golden Norsemen had the field states all to themselves, as they scored twice during the period. Hawkins again set up the play for the touchdowns as he recovered a fumble on the Tyler 10-yard line. Viking quarterback Action headed by their cheerleaders. Both tried to out do each other in greeting the teams as they stepped the field for the nerve-racking contest which could produce no more than one victor.

Norsemen kicked off and the rivalry was in motion. Going into the battle Norsemen were placed in the underdog spot, as Tyler was regarded 10 points the better team. Norsemen could not put across a field goal in the first period of play, but both teams saw threats face Tyler down 75 yards before tumbling on the Miami 11, and Norsemen charged to the 3-yard line before half-time. Bob Maxwell fumbled on an off tackle try.

Viking quarterback Good having the good fortune as a football player for Norsemen, scored the first Norse tally from the Texas Tyler punt to the 20. On the very-played stripe, Palmer again kicked across the point after the touch-down play Hawkins sped 27 yards to the Texas 3-yard line before he-down and the score stood at 20-0.

The play had been set up as Good intercepted a Tyler pass and ran it back Johnny McDonald gamblined on a fourth down pass, after Tyler's halfback pass in and Gene Judkins by

McDONALD is shown here catching a pass in the first half of the N.E.O.-Tyler game here Saturday, Nov. 18. He is Viking End Gene Judkins and No. 43 and 21 are Apaches Jerry Lewis and Billy Ray Dickey.

Opinion Poll Says Students Approve Two-Tone Autos

In a recent national poll of student opinion, the Associated College Press reports the approval of 193 auto color combinations to college students.

There appears to be no difference of their appreciation between the men and women. The general feeling is that everyone likes the combinations with reservation. Most agree that some of the combinations of two tones are better and less.

Many students feel the very color "brightest things go," and "dark colors" are better and less.

The Golden Norsemen will have their hands full Saturday as they meet 1944-45 with the Greenwald Junior College of Des Moines, Iowa. The clash which will mark the final game of the 1944 football season for the Norsemen, will also be their annual "Homecoming" game of the year.

Greenwald's Yellowjackets boast of a 35-man squad and their school support and spirit is probably the best of any Junior College I have ever seen. They are an interview center.

Greenwald will enter the game with players from 20 states all over the nation. The Yellowjackets always have a big following on each and every out-of-town game, and they are expected to be a speedy bunch.

Greenwald's Yellowjackets last week, 24 and all of their scoring was done on passing. The Yellowjackets offense is likely to be hard to follow because they run off the single-wing, split-T and pull the Notre Dame shift, that being from the split-T to the split-T. They can pass from either formation with considerable efficiency.

Norsemen will take into the game a 5-1 record and as stated before this game will wind up the Broken Arrow, Okla. He has had 100 touchdowns in his career. The Vikings and Greenwald will average about the same in weight, 150 pounds on the line and 180 in the starting backfield. "Red" Robertson is expected to have his hands full when the Yellowjackets take the field against the Golden Norsemen of N.E.O.

Robert Maxwell is a Miami product playing in the backfield position. He is a freshman weighing 187 lbs.

Jerry Keys plays in the backfield slot. He is a 160-lb. sophomore from Mayville, Okla., and is doing some good defensive work for the team this year.

Ray Judkins is a 180-lb. freshman playing in the fullback position. He is a fast, hard running freshman from Okla. City, Okla.

Bill Routh also plays in the fullback position. He is a freshman from Shawnee, Okla., and weighs 175 lbs. He has been seeing a lot of action this year for the Norsemen.

Wyrick, Guard Eugene Wyrick is a Wyandotte, Okla., product playing in the guard position. He is a hustling 175-lb. guard. He is a hard hitting 170-lb. sophomore coming from Broken Arrow, Okla.

Bob Baker is playing his first year of football here for the Golden Norsemen and is coming along fine points after the touchdowns.

The second period saw no scoring but Kayser halfback T. H. Lynn, almost the whole OMA attack, kept punching away in a losing cause. He himself accounted for 87 yards of the 81 net-yards (1-b. Kaydes from Clarence) picked up during the contest.

The final period had probably the most exciting play of the evening as Richard "Lucky" Bradshaw an end, converted to quarterback for this contest, scampered 73 yards on a fourth down situation. Bradshaw had needed 2 yards on the play and ended up sprinting 23 yards to paydirt, on the keeper that swung around right end. Gary Griffin a guard, boomed the extra point across the uprights and that ended the Viking scoring.

Sideline activity had some fans wondering if they (the Norsemen) had time to do the monkey plans Camera Agnes two weeks ago that were committed against the line. The Aggie handed Norsemen their only loss, 14-7.

But a week later, monkey shines cost the Norse their utter, tragic defeat at the hands of a spirited Northern championship squad, 26-14. Such is history—in football.

THUMBNAIL SKETCH NO. 2

Norsemen Have Promising Freshmen; Good Reserves

By DICK COUCH

In the last edition of the Norse Wind, we gave a thumbnail sketch of the offensive starting team. Now here is the remainder of "Red" Robertson's fighting Norsemen.

At end position is Jim Laeley, a tall, fast running 180 lb. freshman from Proyer, Okla.

Another end is Harold Harvey hailing from Oklahoma City. Harvey is a fast, hard hitting 188-lb. sophomore.

Bill Rush, from Nowata, also plays the end position. He is a fleet footed 150-lb. freshman.

Everett Barnes is also in the end position. Weighing 198 lbs., he hails from Sapulpa, Okla., and is playing his first year of ball for N.E.O.

Another end, Edward Miller, weighs 190 lbs., and comes from Harborsburg, Ill. Miller is a hard hitting sophomore.

Giles is End Carl Giles from here in Miami also plays in the end position. He is a fast 160-lb. freshman.

Charlie O'Donnell plays the tackle position. He is a giant tackle weighing 220 lbs., from Stillwater, Okla. This is his second year at N.E.O.

Robert Westbrook is another big boned 200-lb. tackle hailing from Tahlequah, Okla. He is a freshman this year.

Bob Baker is playing his first year of football here for the Golden Norsemen and is coming along fine points after the touchdowns.

The second period saw no scoring but Kayser halfback T. H. Lynn, almost the whole OMA attack, kept punching away in a losing cause. He himself accounted for 87 yards of the 81 net-yards (1-b. Kaydes from Clarence) picked up during the contest.
