Join an organization

What makes a college? Surely you can name a number of things which would give you a distinction between college life and any other phase of life.

Secondary to your academic training, I think you'll find the social organizations of the campus an important factor in developing a well balanced college.

Perhaps in the past, when you have been asked to join an organization, you've given the thought a negative approach. As Dr. Carter expressed in a recent assembly, "If a person is a leader in college, he'll be a leader when out of college."

Here at Northeastern A & M we have several organizations, where no matter what may be your major, you could belong to one of these.

So the next time someone asks you to join, or you have a chance to join, do yourself some good and say "Yes!"

Miss Granlee said that they are a very good group of hard working girls. She also said they are very pleased with the fine turnout and support given them by the college band under the direction of Mr. Tom Brown Britton.

A new attraction this year will be navy blue coats with gold trim for the girls.

Just Browsing Library Has Three At Work According to circulation statistics kept in the library, psychology and history books led the field in the number of books checked out for 1952-53. In categories where outside readings were not required for classes, biography and travel books were the most popular with students.

Two biographies are available in the library which will make an enjoyable reading are "Prince of Players," the story of the famous American actor, Edwin Booth, written by Elmore Suggles and "Mahatma Gandhi, An Interpretation" by E. Stanley Jones.

These sophomore girls are the student assistants in the library this year. They are Wilma Jones, Juanita Stanton and Darlene White. The library will be open during the same hours that were in effect last year: 8:12 and 1-4 Monday through Friday; 5-9 Monday, Tuesday and Thursday nights.

Outside reading books for use in American history, federal government and European history classes are no longer shelved but the number in the library. They are now located in the reading room of the library so that they will be more accessible to students. They are special reserve books and may be checked out for a period of three days.

Real Cool' Talk Jells Co-Eds for Cute Cutups

This column is printed for the purpose of publishing news that is worthy of mention, but not long enough for a single news story.

Word's going around that they might form a "Windjams and Windjammer" club. This would be a good organization not only for the students themselves, but for the college as a whole.

Mr. Ray Vanderburg, instructor, showed the cheerleaders that teachers still have a little pep when he showed them how to turn hand-springs, during one of their cheer-leading practices.

While on the subject of cheerleaders, just what do they mean practicing their yells each morning in the girls dorm?

Want to congratulate the students who showed up for the pep rally Wednesday night. That's really showing the school spirit. Just keep that up all through football season in the fall.

Freshman Finds College A Place of Friendship

Freshmen orientation week, better known to sophomores as compassology, found the graduating class of 55 gracefully donning collectivist beaus of a lavish verdure. Besides putting on the beaus, the frosh took a series of tests. Before we took them, President Carter told us that we were "green but growing."

"Most Everybody in the District Reads the Miami Daily News-Record"

Sports Notes

By WARREN HICKMAN

KEEP UP THE SPIRIT STUDENT BODY LETS REMEMBER THE BOSE BOWL

Everybody has been expressing their regrets of the first showing our Golden Norsemen displayed against Boone. This is great and well they should, but remember Boone was only the first step toward a successful season and perhaps (and I say perhaps) a trip to Pasadena to participate in the Junior Rose Bowl. The next step up that much sought after prize at the top of the ladder is Conners. Let's all keep up the spirit that inspired our team to victory last Thursday night and help beat Conners II.

If you will remember back to the first assembly, Dr. Carter said that everyone on this campus is a part of the team. Last Thursday everyone proved it. Now let's prove it again and again until the last bell has been rung.

LET'S HAVE A PING PONG TOURNAMENT

Can you play ping pong? If you can and like to play it good enough then we have some news that will be of interest to you. There is some talk from a student source that a ping pong tournament is in the making. First, both girls and boys, who don't know where to go to play ping pong, just go to the basement of either dormitories or to the student union building. There you will find a game being played at almost any time of the day (and sometimes at night).

Last year a girls tournament was held and the versatile champion of the action was Haldah Khalil from Iran. She is still on the campus this year as a sophomore and will be here to defend her crown.

Unfortunately the ping pong interest around tournament time was so low in the masculine department that a tournament for men was not held. If you fellows would like to have a ping pong tournament let's make it known and I feel sure that it can be arranged.

After Boone's second quarter touchdowns by R. Chesser of Tulsa, the Indians were never in the ball game again. Jim Winters of Wotomka put the Norsemen into the commanding position and they were never headed.

At this point Coach Robertson sent his first two teams to the showers, and the Norsemen were substituted with reserve as Boone took the kick off and plowed up 80 yards against them. Bob Smith of Tulsa scored from the 2 and Babe Chandler also a Tulsa, converted. Making the final score 40-14.

For the Golden Norsemen it was sweet revenge, but for the sad dismayed Indians, who before game time was raised the No. 2 ranking Junior College in the nation, it was an unavailing defeat to a great team.

Good Judge of the Norsemen keep up the fight and spirit and let the nation know that we want to be the Junior Rose Bowl representative for 1955.

Dick McElroy, playmaker for the N. Y. Kickers in the N.F.A. has led the Kickers in assists four straight years.

Bill Hodges of the Brooklyn Dodgers has played in three World Series. His batting average is .100.

straight touchdown, the man with the ball being Jim Winters, speedy Northeastern halfback. The scoring play occurred 14 yards in 4 seconds with Winters driving over from 8 yards out.

Boone momentarily interrupted the slaughter late in the second quarter when they put on an unexpected 58 yard march with Chesser plunging over from the 1. Quarterback Sonny White of Kenedal converted making the score 15-7. This was all the scoring in the first half.

Starting the first team in the second half the Norsemen needed only 10 plays to pick up their third touchdown of the night. Hughie Morris of Midway City, Oklahoma converted last year's MVP and allstate quarterback last year set down the right side of the line on an option play then sprinted over the double stripes surrounded by Golden Norsemen. Lonnie Graham converted and the Norsemen led 20-7.

Last Attempt Fails Boone in a desperate attempt to get a rally going took to the air all of which was to no avail as NE's pass defense blew like there ain't no tomorrow. 4 of the Boone aerial attempts converting 2 of them into touchdowns. One of them taken in by Bob Carpenter of Tulsa and Norseman letterman last year. Carpenter intercepted on the Boone 25 and glided down the left side under very little protection for the touchdown. Gary passed to Dan the rail Brookes of Oklahoma City for the extra point making the score N. E. O. 21, Boone 7, with only 4 minutes left in the period.

Substitutions came thick and fast in the fourth with second string quarterback Tommy Lopez of Anadarko intercepting a Boone pass and returning it to the "Indian" 12. The interception covering 23 yards. In two plays Jim Winters crashed tackle for 8 and the TD.

The last Norseman touchdown was initiated by Jim Winters, promising young freshman, as he intercepted a pass on the Boone 55. Bruno Clark, halfback from Pennsylvania and popular member of the team, came into the ball game. Clark then carried the ball game. Two plays later he ploughed over from the 1. Bob Burger of Pryor headed the conversion with

Norse To Play Aggies At Warner

Tonight the Golden Norsemen will travel to Warner to play the Conners Aggies. This will be the first game of the season for Conners.

The Norse Stars will also be making their first appearance out of town. They will be assisted by the AF ROTC band.

This will be the second of six conference games on the Norse schedule. Conners isn't expected to have much in the way of a strong team, but when the time comes to play the Northern Jr. College at Tonkawa it may be a different story.

Northern best Colleyville Junior College last week, 15-0.

Faculty members have been recruiting cars to take the student body to Warner so that we will have the same strong support as last week in the game with Boone. Be sure to attend the game.

In other Junior College games in the state last week, the Eastern A.M. Mountaineers defeated the Murray Aggies 15-6.

Shown above are several members of the physical education class instructed by Ray Vanderburg. All are from foreign countries, Iraq and Iran.

Norsemen Anxious

Football players were hounding the registrar's office Thursday to see if their transcripts had arrived. Mrs. Elizabeth Huttis was checking transcripts until the sixteenth hour Thursday because an eligibility list had to be made out for each player before he could play in the game.

Student permanent record cards are being made out by the office staff and anyone whose transcript is not already in, is urged by Mrs. Huttis to write to the school and have it sent to the registrar's office.

Installing Snooker Table Is News

Have you visited the Student Center lately? If you haven't you've failed to see the latest addition to the busy premises. Adorning the east end of the building is a billiard table (pool table to you).

Refrurbishing this used but indestructible piece of merchandise is under the direction of Joe Akles, industrial education head. Some of the recreation table was Dr. F. L. Wornington, local physician. The renovation includes painting of new felt and assembling. The outfit is complete with cue sticks and snooker balls. The newest facility adds to the ping pong table which is in constant use—with a waiting line. Meanwhile, the student center is a thriving concern under the amiable and efficient operation of Mrs. Owen Norris, affectionately known as "Mills".

LOW IN NICOTINE

HIGHEST IN QUALITY

When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.
