

**NORTHEASTERN OKLAHOMA A&M COLLEGE  
VACCINATION POLICY**

**STUDENT VACCINATION REQUIREMENTS**

Prior to enrolling as a full-time or part-time student at NEO A&M College, an individual must provide written documentation of vaccinations against hepatitis B, measles, mumps and rubella. First-time students living on-campus shall provide written documentation of vaccination against meningitis.

NEO College shall notify students of the requirements and provide students with educational information about hepatitis B, measles, mumps, and rubella, upon enrollment. Such information shall also include the risks and benefits of each vaccination. NEO shall not be required to provide or pay for vaccinations against hepatitis B, measles, mumps, rubella, or meningitis.

The following are exceptions to the requirement for written documentation of vaccinations:

- Written statement from a licensed physician indicating the vaccine is medically contraindicated.
- Signed statement declaring the administration of the vaccine conflicts with the student's (parent or guardian for minor student) moral and religious tenets.
- Students who have attended a public, private, or parochial school in Oklahoma and have complied with the immunization requirements at those schools.
- Students that have graduated from a high school in a state that requires vaccinations for hepatitis B, measles, mumps, and rubella.
- Students transferring from another Oklahoma college or university.
- Students that have attended Higher Education Centers and other learning sites authorized by the State Regents.
- Adult students born before 1956.
- Concurrently enrolled high school students.
- Non-degree seeking students and students provisionally admitted.

**Certification of Compliance  
Hepatitis B, Measles, Mumps and Rubella (MMR)**

Oklahoma Statutes, Title 70 §3244, requires that all students who enroll as a full-time or part-time student in an Oklahoma public or private postsecondary institution provide documentation of vaccinations against hepatitis B, measles, mumps and rubella (MMR).

The statute requires that Institutions notify students of the vaccination requirements and provide students with educational information concerning hepatitis B, measles, mumps and rubella (MMR), including the risks and benefits of the vaccination.

The statute permits that when the vaccine is medically contraindicated and a licensed physician has signed a written statement to that effect, such student shall be exempt from the vaccination. Further, the statute permits a student or if the student is a minor, the student's parent or other legal representative, to sign a written waiver stating that the administration of the vaccine conflicts with the student's moral or religious tenets.
