STUDENT PUBLICATION OF

NORTHEASTERN OKLAHOMA A&M

VOLUME 34

MIAMI, OKLAHOMA — FRIDAY

OCTOBER 27, 1967

NO. 3

## Fall Term Enrollment Increases

Enrollment at Northeastern A&M for the current semester has set a record high with 2089 students.

Dr. Bruce G. Carter, NEO president, stated, "This is an increase of approximately 12 to 13 percent over last year's enrollment of 1825 students. We have 1248 freshmen which makes them the largest freshmen class in the history of the college." Sophomore enrollment totals 596.

Represented are 10 nations (Columbia, Haiti, Iran, Iraq, Jordan, Lebanon, Peru, Thailand, Tunisia, Venezuela) with a total of 37 international students and 32 states with 185 students. Aside from Oklahoma, Kansas and Missouri, have the highest representation.

The college's favorite tradition of having a two to one majority of boys over girls continues this year. Exact figures show the boys leading the girls 1356 to 733.

Further breaking down the total figure the college has 1730 day-time students, 24 special day students who are not enrolled in a minimum of 12 credit hours, 24 students enrolled in night classes, and 148 men and women attending NEO under the Manpower Training Act.

To qualify for government assistance under the Manpower Training Act one must be out of work, because of automation or lack of training in his field's new methods. Next he must be selected from all of the applicants by interviews and aptitude tests.

## Annual Press Day At OSU

On Nov. 3, six NEO journalism students will journey to Oklahoma State University, Stillwater, for the annual Oklahoma Collegiate Press Conference.

Sponsored by the OSU School of Journalism, the conference will feature eight professional sessions covering student newspaper and yearbook problems as well as award competition in eleven categories.

The Norsewind will be competing with other Oklahoma Junior colleges in best all-around newspaper news writing, sports news writing, newspaper make-and typography, news photography, and sports photography.

Students planning to attend are Janice Rice, Viking editor; Susan Weeks, Norsewind editor; Jay Resnik, assistant editor; Monty Franks, sports editor; Robbie Grimm, Norse Alumni News editor; and Gary Walker, reporter.

NORTHEASTERN A&M COEDS COMPETING for the title of 1967 Homecoming Queen are left to right, top to bottom, Janet Jones, Coffeyville, Kan., sophomore; Teresa Cruzan, Miami freshman; Elsa Lundy, Alton freshman; Linda Larson, Tulsa freshman; Diane Jacobsen, Miami sophomore; Cindy Ruark, Edmond freshman; Sheryl Fallin, Hominy sophomore; Susie Gray, Miami freshman; Sue Lattimore, Owasso freshman; and Kathy Supernaw, Tulsa freshman. Not pictured are Verna Barbee, Miami freshman and Ethyllin Barnett, Pryor freshman. Photo by David Kreider

## 1967 Homecoming Features Floats, Queen And Football

Tomorrow old memories of years passed will rush into the minds of returning NEO graduates and new memories will be formed by NEO's present student body as both the "old and new" celebrate Northeastern A&M's 1967 Homecoming.

Climaxing the day's events will be the crowning of the 1967 Homecoming Queen during halftime ceremonies of the football contest pitting the Golden Norsemen against their arch-rival, Cameron.

From a bevy of 12 contestants, a panel of judges will select the NEO coed who will reign over the remainder of the game and at the annual homecoming dance scheduled immediately following the game in the banquet-hallroom of the Carter Student Union.

Girls contending for the coveted title include Elsa Lundy, Alton freshman; Verna Barbee, Miami freshman; Sheryl Fallin, Hominy sophomore; Janet Jones, Coffeyville, Kan. sophomore; Cindy Ruark, Edmond freshman; Linda Larson, Tulsa freshman; Teresa Cruzan, Miami freshman; Kathy Supernaw, Tulsa freshman; Susie Gray, Miami freshman; Diane Jacobsen, Miami sophomore; Sue Lattimore, Owasso freshman; and Ethyllin Barnett, Pryor freshman.

"Would You Believe . . ." will be the theme for the Homecoming parade slated to begin at 3 p.m. Campus organizations will vie for first, second and third prize in float competition, with the float depicting the theme most vividly winning \$25; second, \$15; and

third, \$10. Floats competing in this year's contest include Language Clubs, "Norse Spirit, Enthusians, Optimism"; Engineer's Club, "Odin's Victory Ship"; Aggies, "American as Red, White, and Girls"; Phi Theta Kappa, "National Juco Champs"; Nursing, "There Is A Shortage of Nurses"; Newman, "Norsemen Are Angels"; Business Club, "Bouquets To . . ."; Data Processing, "Our Generation"; Masquers, "This Is A Float"; Industrial Technology Society, "Show Boat"; Freshman class, "Homecoming 1929"; Russell hall, "It's Time"; Preja, "Forty-seven Shopping Days 'Til Christmas" and Sophomore class, "NEO Is No. 1".

## Evangelist Will Speak For REW

Northeastern A&M's Religious Emphasis Week will begin Monday, Nov. 6 with a general assembly in the college auditorium at 9 a.m.

Featured speaker for the REW activities will be Paul McCray. A graduate of NEO, Oklahoma Baptist University, Shawnee, and Southwest Baptist Theological Seminar in Fort Worth, Tex., McCray has participated in evangelistic work throughout the United States, Africa, Europe, and the Orient. He presently has a pastorate in Jonesboro, Ark.

The week's activities will be centered around the theme "Burn the Draft Card, Down the Constitution, and Cross Out the Cross." In addition to Monday's assembly, an assembly will be held Tuesday at 10 a.m. and Wednesday at 11 a.m. McCray will be available for discussions and questions Monday, Tuesday, and Wednesday in the Little Theater from 6:30 to 7 p.m. Each evening of the week will be conducted by special speakers in each of the dorms. To ensure the student's awareness of the week's activities dorm representatives have been given the responsibility of placing program leaflets under each door Sunday evening Nov. 5.

Jim Hawkins, NEO vocal instructor, will correlate the musical portions of the general assemblies. Special selections will be presented by the college chorus, Linda West, music librarian, and Hawkins.

Members of the faculty, student senate members, and the Miami Ministerial Alliance will have an opportunity to meet McCray Monday morning in the faculty lounge of the Carter Student Union at 9 a.m.

Students in charge of planning and advertising REW are Jerry Neel, Janet Jones, Nancy Sas, Ty Frederick, Linda Benson, Gary Earls, Don King, and Linda Boston.

## Draft Forms Available

Male students who are 18 years of age are urged to go to the college registrar office and obtain a draft deferment form, number 108. The form states that you are a full time student presently enrolled in Northeastern A&M. It is also recommended that you obtain a deferment request from the local Selective Service office located on the third floor of the Post Office building.

# NY Flower Child Learns Too Late

Three weeks ago an 18 year old female hippie and her 21 year old hippie boyfriend were discovered in the basement of an East Village tenement house. They were dead. The Flower children had been murdered.

According to reports, the occurrence of mysterious deaths among the hippies is not uncommon. This particular one received national attention because of the girl's background—she had lived in a 30-room \$130,000 mansion in Greenwich, Conn.; her father is a wealthy tea and spice importer. Why did Linda Fitzpatrick leave this for a squalid life on Manhattan's East Side? Only Linda knows.

Was it to find love, acceptance, and understanding that the flower children claim is void in the world of "the establishment?" Hippie worlds appear as vulnerable to hate, violence, and misunderstanding as any environment. Was it just a part of growing up? Linda will never know for sure.

Hippies flock to the meccas of the West Coast, the Haight-Ashbury section of San Francisco, and the East Coast, New York's East Village, in search of the elusive butterfly which will bring them happiness, peace of mind, and a better society in which to live. Their aspirations are high and admirable; their method poor, pathetic, and unbelievably childish.

How can anyone even dream of reforming a society, which he believes to be decadent, by completely withdrawing from that society? To simply say that our society is wrong is not enough. If you believe it is unjust and hypocritical in its structure, you must offer a solution and be willing to work for the reformation of that society. Packing up your belongings and withdrawing from the situation will not improve anything. In fact it is very similar to the actions of a child. "If you don't play my way, I'll take my toys and go home."

The same week that Linda Fitzpatrick and her hippie boyfriend were found beaten to death in the tenement house basement a former NEO student told an instructor that she was now a hippie (even though she hasn't made the pilgrimage to either mecca) and believed in all the things that hippies are supposed to believe in. She added that she was a Sunday school teacher and then asked, "Isn't that a scream?" No, flower child, that isn't a scream—and it never will be. How many young, impressionable minds will you distort? How many will believe you and think it proper to turn their backs to the problem? How many will go to Haight-Ashbury or East Village? How many will end their lives, or have them ended, as Linda did? How much peace of mind will you find, flower child?

Also during that fateful week a present enrollee of NEO was heard to say, at a church sponsored campus organization, how much he admires the hippies—not for their way of life particularly, but for the way in which they accept people for what they are. True, this is an admirable trait, but the flower children don't happen to have the patent on it. This is an individual trait to be found even among people who are WORKING to reform our decadent society. So, dear student, don't be misled into thinking that the hippies have an exclusive on acceptance—and please don't feel yourself into believing acceptance to be prime in the minds of all flower children. Did Linda's murderer or murderers, feel acceptance or compassion for her?

So often the world of the hippies seems remote and unreal to us in the Midwest. It shouldn't for, though we are several thousand miles from the meccas of Haight-Ashbury and East Village, hippedom is knocking at the back door. Its villainous repercussions concealed in a cloak of high ideals and white-washed with mystery will intrigue some who will make the pilgrimage. Will they learn too late, as they believe it to be? Linda was only one of many.

Susan Weeks, Editor

PRESIDENT OF THE FRESHMAN CLASS Bill Tyler, Miami, sets a fine example for his classmates as he donates blood to the Ottawa County Bloodmobile. Despite Tyler's example the freshmen lost the travelling trophy to the sophomores as NEO students contributed 88 pints.

# The Air Force doesn't want to waste your Bachelor of Science Degree any more than you do.

B. Sc. Those letters have an impressive sound.

But they won't be so impressive if you get shunted off into some obscure corner of industry after you leave college. A forgotten man.

You want activity. You want to get in there and show your stuff. All right. How do you propose to do it?

If you join the United States Air Force you'll become an expert fast.

The Air Force is like that. They hand you a lot of responsibility fast. Through Officer Training School you get a chance to specialize where you want...in the forefront of modern science and technology.

Suppose, for example, you wanted to become a pilot and serve as aircraft commander on airplane crews. You'd plan missions and insure that the aircraft is pre-flight, inspected, loaded and equip-

ped for the assigned mission. You'll be trained to fly exciting aircraft. Just examples. There are so many more.

Wouldn't it be pretty nice to enjoy officers' pay and privileges? And serve your country, as well? Also, you get retirement benefits, 30 days' paid vacation, medical and dental care.

B. Sc. Very impressive letters. Now, do something with them.

Dr. J. Herbert Hollomon

### Civic Clubs Hear Next OU Proxy

Dr. J. Herbert Hollomon, president-designate of the University of Oklahoma, recently addressed a combined civic clubs luncheon at the Carter Student Union. Also in attendance at the luncheon were NEO faculty members.

Hollomon, who began his duties as president-designate of OU Sept. 1, will succeed Dr. George L. Cross who retires June 30, 1968. As president-designate, Hollomon is working with Cross learning about the operation of the university.

In his address Hollomon emphasized the value of a good educational system in attracting industry and commerce to a community. Industry's first question before considering a community for an industrial site is, Hollomon stated, "What's its high school like?" "The most important attraction for industry is the local high school. The second question is, 'what is its college and university system like?', and the third, 'What kind of research is being done?'"

Hollomon continued by stressing industry's high regard for excellence in education, "which is the touchstone to the wealth of the world."

Before beginning his duties as the next OU president, Hollomon, who received his education at the Massachusetts Institute of Technology, plans to visit colleges and universities throughout Oklahoma and the nation "to learn what they are doing."

The internationally recognized

### BSU Travels To Stillwater

Six Northeastern A&M students left today to attend a Baptist Student Convention sponsored by the Baptist Student Union members of Oklahoma State University, Stillwater. Students attending the convention are Linda Frasier, LaDonna Cowles, Judy Tanner, Mary Bryant, Carole Morgan, and Paul Wyatt.

Featured speaker for the two day meeting will be Foy Valentine, Secretary of the Southern Baptists' Christian Life Commission, whose theme will be "Unto the Least of These." The Bison Glee Club from Oklahoma Baptist University will provide vocal entertainment.

Phil Caskey, younger brother of NEO's botany instructor Don Caskey, will speak on the Journeyman program which he has participated in for the last two years in the Philippines. The Journeyman program was incorporated into the Southern Baptist Convention two years ago as a missionary endeavor for college graduates. Caskey is among the first to participate in and return from the overseas experiment.

scientists and metallurgical engineer, who was the first choice of the campus nominations committee which worked with the OU Board of Regents to find a successor to Cross, was awarded honorary degrees from two institutions in June. He received a doctor of science degree from Carnegie Institute of Technology, Pittsburg, Pa. and a doctor of science degree from Northwestern University, Evanston, Ill. Hollomon has previously been awarded honorary doctorates by Michigan Technological University, Rensselaer Polytechnic Institute and Worcester Polytechnic Institute.

A former instructor in the Harvard University School of Engineering and Applied Science, Hollomon has served as assistant secretary of commerce for science and technology in the U. S. Department of Commerce, acting undersecretary of commerce, member of the Federal Council for Science and Technology, and consultant to the President's Science Advisory Committee, and chairman of the Interdepartmental Committee for Atmospheric Sciences.

### Novak Heads Campus Club

Oren Need, Northeastern A&M mathematics instructor, has announced the election of the college Engineers Club officers.

Selected as president was Dan Novak, Bartlesville, while Pierre Adrien, Haiti, was chosen vice-president. Assisting Novak and Adrien will be Wikrom Gunatillaka from Bangkok, Thailand as student senate representative; Gerald Newcombe, Miami, alternate student senate representative; Becky Moore, Miami, secretary-treasurer; and Jack Booth, Miami, reporter.

Persons wishing to join the Engineers Club should contact any of the officers or Oren Need, club sponsor.

### NEO Teachers To Baton Rouge

Three Northeastern A&M English instructors — Jack Rucker, Helen Durham, and John Hammons, left Thursday to attend a three day regional meeting of the South Central Modern Language Association in Baton Rouge, La.

The South Central Modern Language Association, which is affiliated with the national Modern Language Association, is primarily designed to correlate the communication divisions of all colleges within each state.

Mrs. Elizabeth Motts, NEO registrar, welcomes the college's first student from Tunisia, Mohsen Belkhiria as Pierre Adrien, first NEO student from Haiti, looks on.

### NEO's First Students From Haiti And Tunisia

"Enny, menny, minny, moo—here we are at NEO." Is this how international students decide to come to Northeastern A&M? No, it is not according to Pierre Adrien, Sadok Driss, and Mohsen Belkhiria.

Adrien, who is NEO's first student from Haiti, learned about the college from his country's ambassador in Washington, D.C. The second generation of his family to attend college in the United States, Adrien was attempting to find a good agricultural school to attend for a year before entering his father's alma mater, Cornell University in Ithaca, New York.

An outspoken young man, Adrien speaks five languages — French, English, Latin, Spanish, and Greek—and freely expresses the opinion that the average American isn't concerned about learning foreign languages. "The American student isn't interested in learning foreign languages because when you belong to a big country like the United States you can't understand the necessity. If you put yourself in my skin, you are obligated to learn foreign languages, for you know you can't stay in my country to get a college education." After four years of soil chemistry study in the U.S. Adrien will return to his native country where his father is the head of the chemistry department in the Department of Agriculture.

Northeastern A&M's first student from Tunisia, Driss and Belkhiria, come to Miami through the efforts of their government. Driss, an agriculture major, and Belkhiria, a soil chemistry major

both needed a college with a good agriculture department. Northeastern A&M was recommended to them by their country not only for its excellent agriculture department but also for the atmosphere which is conducive to learning the American way of life. Driss said that the American in his country were so eager to learn Tunisian ways that the Tunisians had very little opportunity to learn many American habits. Driss continued, "To study agriculture is our main objective, but we try to study everything."

Before arriving in Miami, Driss and Belkhiria spent two months with the soil conservation offices in California and Southwestern Oklahoma. While in California Belkhiria came to the conclusion that we really can't criticize the hippies "if we really believe everyone has the right to exercise his own beliefs—if they don't smash the rights of others. I might not have the same ideas as they do, but I can't blame them for they are free to believe what they want."

Both Driss and Belkhiria plan to transfer to Oklahoma State University, Stillwater, after their stay at NEO.

Welcome ALL NEO Students

# Carter To Serve As Council Prexy

Dr. Bruce G. Carter, who is serving his 24th year as president of Northwestern Oklahoma A&M College, Miami, was recently elected president of the Council of North Central Junior Colleges. His term will be for one year, and he will preside over the Council's silver anniversary observance in St. Louis, Mo. next year.

Dr. Bruce G. Carter

The Miami educator was elected during the Council's 23rd annual convention in Cleveland, Ohio, after having served as vice-president and, for four years, as secretary-treasurer.

The Council consists of some 250 Junior colleges in Arizona, New Mexico, Colorado, Wyoming, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Minnesota, Iowa, Missouri, Arkansas, Wisconsin, Illinois, Michigan, Indiana and West Virginia.

Other officers are Glynn E. Clark, vice-president, president of Meramac Community College, Kirksland, Mo.; James A. McKinstry, secretary-treasurer, president of Marshalltown Community College, Marshalltown, Iowa; Ervin S. French, immediate past president, Northeastern Junior College president, Sterling, Colo.

Members of the executive committee include A. H. Eiland, Hutchinson Junior College president, Hutchinson, Kans.; Robert Lahti, William Rainey Harper College president, Palatine, Ill.; Guy Davis, Trinidad College president, Trinidad, Colo., and George Hall, Yuma College president, Yuma.

## Wesley Invites All Students

The Wesley Foundation, located at the corner of Third avenue and "H" street, extends an invitation to the students of Northeastern A&M to participate in the regular Wesley meetings on Sunday evenings and to attend the Encounter Coffee House each Wednesday evening.

Meeting at 7:30 p.m. each Sunday, informal discussions will evolve around both popular and controversial topics. In connection with these discussions the foundation also sponsors a monthly forum. In November the forum will deal with "Living with Sex, the Student's Dilemma."

The Encounter Coffee House, located in the basement of the Wesley Foundation, will be open each Wednesday from 7:30 to 10 p.m.

## Art Students Go To K.C.

Sixty-one Northeastern A&M art students recently took a one-day field trip to Kansas City, Mo.

Their schedule included visits to the Nelson Art Gallery; Kansas City Art Institute; Rockhurst College and St. Xavier's Church.

Accompanying the class were Mrs. Kathryn Paige, art instructor, and Mrs. Bonnie Synar.

KEEPING THE GRADS POSTED is the main objective of the Norse Alumni News, while the main objective of Minnie Medlin, Oklahoma City sophomore, and Gary Walker, Tulsa sophomore, is to get some 4,000 copies of the paper ready for mailing to inform alumni of tomorrow's homecoming activities.

## Vann Chooses Fall Leaders

Residents of Vann at Northeastern A&M recently elected Janet Jones, Coffeyville, Kan. sophomore, president for the fall semester.

Other officers chosen by the dorm group included Jo Anne Smoot, Mounds freshman, vice-president; Mary Abbott, Bartlesville sophomore, secretary; Suzanne Dyer, Vinita sophomore, student senate representative; and Linda Brazzel, Collinsville freshman, alternate student senate representative.

## Oriental Art Displayed At NEO Library

Currently on display in the NEO library is an exhibition of oriental art, according to Mrs. Kathryn Paige, art instructor.

This valuable collection of paintings has been loaned to the college for display by the Museum of Art at the University of Oklahoma, Norman. The exhibition is being jointly sponsored by N.E.O. and the Arts & Humanities Council of Oklahoma.

The collection consists of temperas, water colors, graphics, and manuscript illuminations from China, Persia, India, Nepal, and Japan.

Several of the paintings originate from the Ch'ing Dynasty (1368-1644) such as Nai Yuen Loo's "Philosopher in Mountain Landscape", Tan Yao Tong's "Crabs", and N. G. Sack Sin's "Houses in Landscape".

Temperas from Persia include two-17th-century manuscript illuminations from the SHAH-NAMAH (Books of Kings).

# NJCAA RATES NORSE NUMBER 1

## Norsemen Trounce Marion Ala., 61-14

### Grudge Game For Norsemen Against Aggies

Crushed by the overwhelming defense and explosive offense of the Golden Norsemen, Marion, Ala., Institute was trampled by the score of 61-14 at Robertson Field on Oct. 21. Doug Mathews sparked the Norse offense as he scored the first of three touchdowns as coach Chuck Bowman's team wrapped up their sixth straight victory.

### Viking Frosh Dump Visiting SMS Frosh

Evidence that next year's Golden Norsemen will be a strong contender in JUCO competition was proven by the Viking freshmen as they rolled over the freshmen of Southwest Missouri State by the score of 57-20.

Randy Crow proved to the coaches and fans that he can fill the vacancy of quarterback next season as he threw and ran superbly throughout the contest. The Norse rookies first tally came as FB Skip Henneha dashed 7-yards for the TD with Ron Phagan adding the extra point. With 14:06 left in the second period, Crow skirted around left end to reach the end zone and Phagan again split the uprights for a 14-0 lead. Jesse Ballou flew down the sidelines on a 62-yard scamper as the Norse found themselves leading SMS by the score of 21-0 with 13:22 left until intermission. Crow again scored on a 13-yard jaunt and Phagan boosted the extra point for a 28-7 bulge with 4:48 remaining until the half. Terry Ash came up with a defensive gem as he picked off an SMS pass and raced 36-yards for the score. The conversion attempt failed to make the score 34-7 with 4:12 left in the second period.

SMS rattled the scoreboard as they scored on a pass from the quarterback to the tight end for eight yards and the tally. The extra point was good with 7:30 left in the second period. The Missourians scored as the tight end ran a reverse and galloped 17-yards for the TD with 2:04 left in the third stanza. SMS final touchdown came on a 63-yard pass play from the quarterback to the split end. The Norse defense spoiled the conversion run to make the score 44-20 with 4:30 left in the third period.

Richard Festa took a Crow pass and rambled 6-yards into the end zone as the Norse boosted the score to 41-14 as Phagan added the conversion with 11:01 left in the third period. Ron Phagan put his toe to work as he kicked a 36-yard field goal with 10:45 left in the third quarter.

Terry Ash, the Alton flash, sprinted 99-yards for the Norsemen's final TD as he took the kickoff and zig-zagged through defenders before breaking into daylight on his spectacular jaunt. The conversion attempt failed making the final score 57-20.

Mathews rambled 17-yards to cap a 62-yard touchdown drive with 9:55 remaining in the first stanza. Wayne Cathey added the conversion to make the score 7-0. On a reverse play Mathews, who had moved to flanker, took the ball on the handoff from Bubba Dudley and danced another 17-yards for the tally. Cathey again split the uprights to run the score to 14-0 with 3:30 left in the first period. Linebacker Ronnie Lowe set up the next TD as he picked off a Marion pass at the 27-yard line. Following the interception on the first play from scrimmage, Mathews found himself trapped by the Cadets defense. But Mathews scrambled from the pocket and raced 37 yards for his third consecutive TD. Cathey's try for extra point was wide and the score stood 20-0 with 2:26 left in the first quarter.

Flanker Dennis Jackson made a fantastic grab of a Dudley pass at the 12-yard line and bulled his way into the end zone. Cathey added the extra point to make the score 27-0 with 11:37 left in the second period. Defensive captain Ron Yankowski recovered a Cadet fumble and on the first offensive play FB Ram Gonzales galloped 26 yards for the score. Cathey booted the extra point to make the score 34-0 with 10:37 left until the half.

The Cadets came up with their first touchdown on a one yard plunge by the quarterback Glenn Woodruff with Frank Dyer kicking the extra point to make the score 34-7 with 3:37 remaining until the half.

Dudley and Jackson combined again to score for the Norse as the big flanker reached below his knees to make a running circus catch of a bullet pass thrown by Dudley. The play covered 30 yards as Cathey capped the scoring by adding the extra point.

End Don Gramling took a 28-yard aerial from Dudley and flew into touchdown territory to give a 48-7 bulge to the Norsemen at intermission. The touchdown play was setup as Barty Chappell recovered a Cadet miscue. The Norse returned from the locker room and scored as fast as a bolt of lightning with FB Richard Sanchez going in for the score from the one yard line. Wayne Cathey kicked the extra point to make the score 55-7 with 8:30 left in the third period.

Running in a new team of substitutes the entire fourth quarter, the Norse took advantage of the scoring berge as Stan Beasley smashed through the Cadet line to score from the two yard line. The try for extra point sailed wide

The 1967 Golden Norsemen will meet the Aggies of Cameron before a large homecoming crowd at Robertson field tomorrow night. The Vikings hope to erase the 27-27 deadlock of a year ago.

The savagely fought contest was up for grabs from the opening kickoff as the Norse fought to retain their high national rating and the Aggies fought to avenge an upset loss to the Norsemen the year before. Beginning on a controversial note, the traditional rivalry ended in the same manner. After the opening kickoff had apparently gone out of bounds on the five-yard-line after being touched by a Cameron player, officials ruled that it had not been touched and was brought back to the 40-yard line. Seven plays later the Aggies were in the lead on a 17-yard pass play from the QB to the HB.

De Cooper's recovery of an Aggie miscue at Cameron's 13-yard line sent the Norse on the scoreboard as FB Al Consegra scored from three yards out. Wayne Cathey's extra point gave the Norse a 7-6 lead with 3:06 left in the first period. The Norse defense set up the next scoring threat as they blocked a Cameron punt and De Cooper again fell on the loose pigskin. On the second play QB Peacock threw to Buster Sanchez for 34 yards and the TD with Cathey adding the extra point.

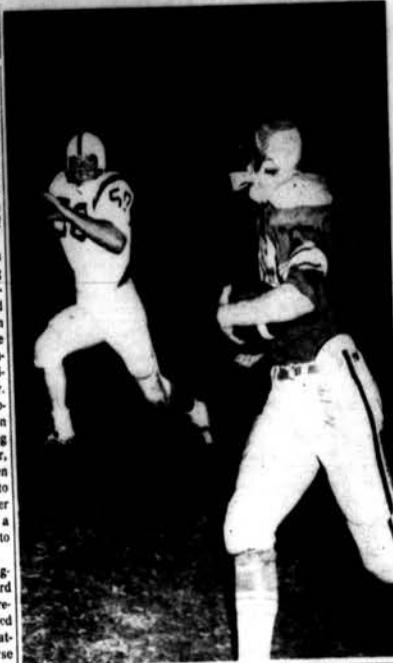

Consecutive interceptions by John Pell and David Mann killed the next two Cameron drives. Mann's theft set the stage for the third Norse score as Peacock hit Don Gramling on a 18-yard pass play. Cameron returned from the locker room preceding the half with blood in their eyes. The Aggies scored once in the third quarter and twice in the fourth to finally knot the score at 27-27 with 7:21 remaining in the game.

Devouring the remaining time in a sustained 63-yard TD drive, the Norse hopes were blunted when Peacock was stacked up at the one-inch line in a last-ditch effort for the score.

of its mark to make the score 61-7 with 12:05 left in the game.

Marion refused to say die as they rattled the scoreboard for the final time with 3:37 left on the clock. The Cadets HB, John King raced 45-yards on a draw play as Dyer added the extra point to make the final score 61-14.

Norse Marion

Fumbles lost	0 1

Quarterback Randy Crow displays some of his elusive running tactics to the freshmen defenders of SMS as he skirted 13-yards around left end for one of his three touchdowns during the Southwest Missouri Freshman game.

### No. 1 Rating For Golden Norse

For the fourth straight week the Golden Norsemen have retained their number one position in the National Junior College Athletic Association ratings. The Norse who are currently undefeated hope to add their seventh victory of the football season as they meet the Cameron Aggies tomorrow night.

Doug Mathews leads the Norse in ground gaining as he picked up 97 yards in eight carries, including touchdown runs of 17, 17, and 37 yards. Larry Dudley, who played most of the game as Mathews was switched to wingback, completed seven of 12 passes for 154 yards, including TD passes of six and 38 yards to end Dennis Jackson and a 28 yard aerial to Don Gramling. Wayne Cathey, second leading scorer, booted seven of nine extra points but missed field goal attempts of 35 and 47 yards.

## TIME

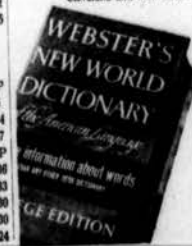

The longest word in the language?

By letter count, the longest word may be *pneumonoultramicroscopicsilicovolcanococcus*, a rare lung disease. You won't find it in Webster's New World Dictionary, College Edition. But you will find more useful information about words than in any other desk dictionary.

Take the word time. In addition to its derivation and an illustration showing U.S. time zones, you'll find 48 clear definitions of the different meanings of time and 27 idiomatic usages, such as *time of one's life*. In sum, everything you want to know about time.

This dictionary is approved and used by more than 1000 colleges and universities. Isn't it time you owned one? Only \$5.95 for 1760 pages; \$6.95 thumb-indexed.

**(EDITOR'S NOTE:** The following poem was submitted to the Norse Wind, under an assumed name, a week before the Trinidad game. As it was impossible to locate the person who penned the poem, so that he or she might write another verse encompassing the Trinidad and Marion games, it is herewith printed as received.)

**THE TEAM**

On with the team of NEO  
Those boys are really on the go.  
Over the Rangers they did prevail  
Then taking on the Tulsa gale.  
Tulsa didn't do the Norse any harm.  
Norse took the wind from that little storm.  
It really wasn't much of a show,  
Mostly Consegra, Mathews and Lowe.

The devastating Norse, their touchdown boon,  
Deflated the Gates like a busted balloon.  
Hungry for victory, these Norse invaders  
Went up North, to the Grand Rapid Raiders.

A much better team, this northern foe,  
Than was given credit, just ask Lowe.  
Dudley, too, could give you a hint  
At what being tough really meant.  
The Raiders were fast and took no chances.

When the Francis' Pony started his dances,  
They rushed the line, fending the air.  
Trying to catch what wasn't there,  
The Norse had to play their very best.

Gonzales, Jackson, and all the rest.  
Cathey, too, had quite a time  
With the Raiders' defensive line.  
Some of the credit must surely go  
To the Norse Stars halftime show.  
Cheerleaders, too, their desire to win

Kept the boys working and digging in.  
Tough as leather and teamwork, too,  
Is all that brought the Norsemen through.

The coaching staff will surely say  
That was really a tough team to play.  
Fourteen to nothing, not a very big score.

Being impossible to get any more,  
That will have to do, and don't be mad,  
If they don't do better at Trinidad.

Freshman Terry Ash is gloryland bound as he takes off on a 30-yard kickoff against the freshmen of Southwest Missouri State of Springfield. Ash also returned a kickoff 90-yards for a TD in the freshmen's victory over SMS, 47-28.

## Norsemen Topple Trojans For Fifth Straight Victory

The Golden Norsemen, who are currently No. 1 in the nation, apparently met their strongest competition of the season on Oct. 7, as they edged the Trinidad, Colo., Trojans by a score of 41-38.

With 9:19 left in the first period, the Norse took the lead as Bubba Dudley tip-toed across from the one-yard line to make the score 6-0. Wayne Cathey's try for extra point sailed wide of its mark.

The Trojans jumped on the Norse defense as they scored on a three-yard keeper with the extra point missing, tying the score 6-6. Then with 4:45 left in the first quarter, the Trojans again struck pay dirt, scoring from 36 yards on an end around. The extra point was good, making the score 13-6. Trinidad came right back with their single wing offense and scored on a break-away run which covered 82-yards from the line of scrimmage. The extra point failed to make the score 20-6 with one minute left in the first period.

Full back Al Consegra brought the Norse back to life as he plunged off tackle for the TD and Wayne Cathey added the extra point with 12:15 left in the second quarter to make the tally 13-25. Filling in for Consegra Ram Gonzales ran a full back draw and rambled 23 yards for the score to make it 20-25 with 4:52 left until the half.

The Trojans rose to the occasion to score on a three yard quarterback keeper, with the extra point missing. The Norse revealed one of the most spectacular plays of the season as QB Dudley took the snap from center and pitched back to flanker Mathews who in turn threw a pass to end Dennis Jackson. Jackson then lateraled the ball to nose other than Dudley who raced in from 29 yards out just as the gun sounded ending the first half and making the score 27-31.

Trinidad scored on a 41-yard play in which the half back skirt-

ed around the left end to go in for the score. The soccer-style extra point kicker added the extra point to make the score 38-27 with 11:56 left in the third quarter. The Golden Norsemen retaliated with a 62-yard pass play from Dudley to Pell, with Wayne Cathey booting the extra point to put the Norse within four points, 34-38. The defense of the Norse tightened and held the Trojans on downs and forced them to punt. The offense then marched 52 yards for the TD with Mathews going over from the two. Cathey split the up-rights to make the score 41-38, with 49 seconds left in the third stanza.

The deepest scoring threat in the scoreless fourth period was by the Trojans but the Norse defense made a last ditch stand and held Trinidad on the four yard line. The Norsemen regained the ball and tallied two first downs before having to punt to the Trojans as time ran out.

## Viking Hurlers Split Twin Bill Against ORU

In an exhibition doubleheader with the Oral Roberts University varsity on October 4, the North-eastern A&M baseball team tied the opener 3-3 in six innings and dropped the nightcap 2-4 in four innings. The twin-bill was shortened due to the night football practice of the Golden Norsemen.

Singles by sophomore Tulsans, Sam Owens and Roger Whitaker, sparked NEO to a three-run uprising in the 5th inning to salvage the deadlock. Southpaw Dick Brown hurled five innings, allowing just two hits and whiffing nine. Bob Fieenor, alternate all-stater from Sand Springs, blanked ORU the last inning to preserve the tie.

The abbreviated second game was highlighted by the no-hit pitching of the opponent's Marvin Thouvenal, who caught for Bacone's National Champions last year. The Tulsa school racked George McCurray for all three runs in the initial two frames, but were whitewashed the remainder of the game by freshman righthander Bill Grissom of Oklahoma City.

## Stickmen Begin Early Workout

Coach Bob Maxwell's baseball team are not wasting any time preparing for spring practice and Bacone. While Maxwell is coaching the defensive backfield in football, the sophomores are keeping busy organizing all practice games. "They're working on their own," Maxwell said. "and doing a real fine job."

In an exhibition game on Sept. 23, the Norse nipped the Miami Oilers, 3-2, with a run in the bottom of the 9th, as southpaw Dick Brown of Tulsa went the distance. Sophomore catcher, Jack Brown of Del City, singled in the tying run in the 7th frame to send the game into overtime, and then singled again to initiate the winning rally.

## **The Norsewind – the NEO A&M College Newspaper**

Digital copies of The Norsewind, Northeastern Oklahoma A&M College's student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
