MIAMI, OKLAHOMA — FRIDAY

MARCH 10, 1967

NUMBER 3

Who's Who at NEO include, from left to right, front row: Lajean Howard, Tulsa; Connie Skaggs, Treece, Kans.; Marcia McGee, Miami; Marilyn Wimer, Miami; Virginia Vanpool, Miami; second row: Ron Duffield, Jay; Ralph Braden, Miami; Benny Simpson, Wyandotte; David Tayrien, Bartlesville; David

Parker, Wyandotte; Third row: Mike Steckel, Taylor, Neb.; Duane Benbrook, Miami; Thomas Jones, Miami; and Harold Mammen, Lockwood, Mo. Not pictured was Jary Douglas, Welch.

Faculty Picks '67 Who's Who

By SUSAN WEEKS

Jack Rueker, NEO English instructor and sponsor of the Viking, has announced the 1967 recipients of the honor of being named to the "Who's Who in American Colleges and Universities" section of the yearbook.

Faculty members based their selections primarily on scholastic achievement through three semesters at the college and participation in co-curricular activities.

The 15 outstanding students honored included five coeds and 10 men students.

A pre-dental major from Miami, **Ralph Braden** has a grade point average of 3.4 and is president of both Oden's Knights and Phi Theta Kappa. He is a member of the Young Democrats and the Professional Educators Society.

Duane Benbrook, Miami data processing major, has been listed on both the Dean's and President's honor roll. A member of Phi Theta Kappa and the IBM club, Duane has a 3.877 grade average.

Jary Douglas of Welch has maintained a 3.327 grade point average and is on the Dean's honor roll. An agriculture major and a member of the college livestock judging team as a freshman, Jary was named the outstanding agriculture student in his freshman year and has served as vice president of the Aggie Society.

(Continued on Page Two)

NEO Serves as Host To Music Festival

An influx of over 3,000 high school musicians to the Northeastern A&M campus culminates today, as 2,000 students participate in the instrumental portion of NEO's annual music festival.

Robert Swanson, college band director, announced that the Individual Invitational Music Meet has attracted 32 concert bands and six stagebands. Among the 245 solos and 120 ensembles entered in competition are arrangements designed for violins, violas, and cellos. Participants in yesterday's vocal competition numbered 115 soloists and 71 ensembles.

Rated as superior, excellent, good, or fair the bands, ensembles, and soloists also received constructive criticism on their performances. Soloists who earn a superior rating are awarded medals, and the bands and ensembles are awarded certificates.

Judging today's activities will be Don Mills and Carter Nice both of Oklahoma University, Russell Wiley and Ron Gunther, University of Kansas; Hoasare Lava, Drury, and Robert Dillon from Central State at Edmond. College choral director Kenneth Richards' team of judges are equally outstanding: Bob Pratt, choral director, Eastern Oklahoma A & M; David Holloway, professor of voice at KU; Jerry Owens, Kansas State College of Pittsburg; and Dale Sullens, choral director, South Jr. High at Joplin.

Much of the credit for the

success of both music - devoted days belongs to NEO students and faculty members. Faculty members cooperated in allowing their classrooms to be utilized as warm-up rooms and for performances; students act as traffic regulators, judge assistants, recorders, and band guides.

Phi Theta Kappa Best Are Braden and Wimer

Two Miami sophomores, Ralph Braden and Marilyn Wimer, were elected Wednesday, March 1 by fellow Phi Theta Kappa members as the outstanding boy and girl of that organization.

Based on their eligibility upon fidelity and service to the honorary scholastic fraternity, Braden, Phi Theta Kappa president, and Wimer ranked above all other nominated members.

Along with Braden and Wimer in receiving Phi Theta Kappa honors at the fraternity inlotion next Sunday is Arvalaine Styles. She will receive the annual Phi Theta Kappa scholarship of \$25 based on her scholarship and service. Styles will also receive a bronze plaque in recognition of her work as secretary of the organization this year.

Thomas G. Cannon, former student at Northeastern A&M, was named Outstanding Training Supply Specialist for his unit at Fairchild AFB, Wash. The airman second class is a native of Wagoner.

AGGIES DO IT AGAIN

Northeastern A & M's aggie livestock judging team has done it again as they scored their second major victory in Texas last weekend, copping the collegiate judging contest at the Houston Livestock Exposition at Houston. The team previously won similar honors in Fort Worth.

Two of the NEO students tied for high individual honors at the exposition, and all team

members placed in the top ten. Dillard Ungeheuer, Centerville, Kan., and Tom Siles, Okmulgee were tops in individual honors followed by Mike Steckel, Taylor, Neb., fourth Mike Elliot, Anadarko, and Mike Woodrow, Sarcoux, Mo. composed the remainder of the team.

NEO placed first in beef cattle and sheep judging, second in quarterhorse, and fifth in swine.

Pictured above are four students and Mr. Gwartney who will represent NEO A&M at a Chamber of Commerce forum at Durant, April 18. Pictured above are left to right: Top row Lonnie Collingsworth, Derry Pittsinger, David Tayrien. Bottom row: Mr. Gwartney, Donna Nance. Not pictured are Mike Lemaster, Cy Abdelnour.

EDITORIAL

Probably one of the greatest feats that a newspaper can accomplish is the acknowledgment of its "power of the press" by others. This feat was accomplished last week by the Norse Wind. Settling a small grocery store with a big sign. Time: February 28. Main characters: Norse Wind Staff.

The story unfolds as thus. Since the beginning of the year a large sign was evident at the front of the store. The sign began "TO ALL COLLEGE STUDENTS" and under this it listed approximately ten don'ts for college students while it listed several in its immediate proximity. Some of the don'ts were no loitering, no reading the magazines, and no buying beer without an I.D.

To most NEO students this sign was detestible but to some it was a necessity. In order to better understand the meaning of the sign, the Norse Wind sent its head photographer to take a picture of the sign. As soon as he stepped foot in the store he was immediately refused the right to take a picture and told never to come back with the camera. No explanation was given nor excuse made by the operator.

Of course the store operator had the right to refuse to take the picture, but upon recognizing the Norse Wind's interest, he immediately disposed of the sign and it is no longer in view. Even though the sign isn't staring you in the face there is still a sense of reluctance to enter the store as an interested customer.

Surely the operator of the store had valid reasons for the sign's creation. Before college even started this fall many male students arrived early for various reasons. It seems that these students caused some commotion in the store as well as in the store's parking lot. Instead of seeking discipline for these few students, the whole college student body must be included under the heading "TO ALL COLLEGE STUDENTS."

In a college town the merchants expect college customers, the banks expect college student's accounts and the police expect adult behavior. Now just what can a college student expect from the local town? He expects friendliness, acceptance, and fair treatment.

A college student entering a place of business expects the same treatment as local townspeople. Just as the student expects unbiased treatment so does the merchant expect adult behavior. In other words rest on one or the other but all depends upon their actions together. The question to be asked is "Should you judge the whole by the actions of a few?"

-D.T.

Future Scientists to Invade A&M Campus

Next Friday and Saturday Northeastern A&M will host area junior and senior high schoolers at the eleventh annual Science Fair. Waymon C. Gibson, head of the college science division, is director.

The fairs are presented to help identify the hidden talents of students in these particular age groups. "They offer young people an opportunity to express and display their talents in scientific work through their various exhibits," Gibson said.

Entries will be classified under either individual or group projects, falling under the heading of Biological Sciences, Chemistry, Physics, Mathematics and Astronomy. Criteria for judging is creative ability, scientific thought, thoroughness, skill, clarity, and dramatic value.

Awards for high school entries will be given to first and second place winners, medalists and ribbon winners. Special awards from David Carson, M.D., and the American Institute of Mining of \$25 will be awarded the best projects in Biological Science and Earth Science respectively.

First and second place winners in the high school division will represent Northeastern Oklahoma at San Francisco, Calif., in the National Science Fair, May 18-13. Junior High winners will compete at the Oklahoma State Fair at Norman.

Who's Who

(Continued from Page One)

Jay agriculture major Ronald Duffield has earned a 4.0 grade average and has been on the President's honor roll each semester. A member of the Student Senate and parliamentarian of the Aggie Society, Ron received the Aggie freshman scholarship award last spring.

Lujean Howard, Tulsa music education major, is a member of Phi Theta Kappa, girls' quartet, college chorus, and the debate team. Lujean has had the lead in several musical comedy productions by the drama department and has maintained a 3.7 grade average.

A member of Phi Theta Kappa, Thomas Joe Jones, Miami, has earned a 3.7 grade average and has been on the Dean's honor roll each semester. A fine arts major, Tom also sings in the college chorus, is a varsity baseball player, and a member of the Drama club, Ambassadors club, and Student Senate.

Miami biology major Marla McGee is a member of the Student Senate, Phi Theta Kappa, and the Engineer's club. With a 3.7 grade point average she has been listed on the Dean's and President's honor rolls.

An agronomy major from Lockwood, Mo. with a grade average of 3.988, Rickey Mamm has been on the President's honor roll. Rickey is a member of the Aggie Society, Baptist Student Union, and Phi Theta Kappa.

David Parker, Wyanotte sociology major, has a 3.36 grade point average. A member of the Language club, Ambassadors club, Phi Theta Kappa and college chorus, David is especially interested in the Baptist Student Union.

With a perfect 4.0 grade average Benny Simpson, Wyandotte, has been on the President's honor roll each semester. The past president of the Engineer's club and vice president of Phi Theta Kappa studies chemical technology, and is a member of Oden's Knights, the Industrial Technology Society, and college band.

Cornie Skages, data processing major from Treece, Kans., has maintained a perfect "A" average and has been on the President's honor roll consistently. Cornie is in Phi Theta Kappa, Business club, Industrial Technology Society, IEM club, and Professional Educators Society.

Majoring in animal science, Mike Stekel has a 3.37 grade average. Is a member of Student Senate, Aggie Society, Phi Theta Kappa, and Dean's honor roll. Earlier in the semester Mike brought honor to his hometown, Taylor, Neb., and NEO by capturing high individual honors in the Southwestern Livestock Exposition at Fort Worth. In January Mike showed the grand champion steer at Denver for the second consecutive year.

Editor of the Norse Wind, David Taysien, Bartlesville Journalism major, has earned a 3.2 grade point average. He is president of the Press club and a member of Phi Theta Kappa, Spanish club and

Young Democrats. Dave originated the "Dragon's Head" award, presented to the outstanding athlete in each major sport at NEO by the Norse Wind Staff.

Homecoming Queen of 1966, Virginia Vanpool of Miami, is an elementary education major with a 3.4 grade point. Virginia has also served as secretary of the Student Senate and Aggie Society Princess. She is a member of the Professional Educators Society, college chorus, and Phi Theta Kappa.

Marolyn Wimer, Miami biological science major, has maintained a 3.4 grade point average. In addition to being co-editor of the Viking and president of the Wesley Foundation, Marolyn is a member of Phi Theta Kappa, chorus, French club, Ambassadors club and Press club.

Nuckolls Elected To State Office

Phyllis Nuckolls, Grove sophomore at Northeastern A&M, was elected to a state office in the college chapter of Oklahoma Home Economics Association, prior to a meeting of the OHEA in Oklahoma City March 3-4.

Mrs. Bonnie Syvar, head of the college Home Economics department, received notification that Phyllis was chosen the junior college representative on the state office slate. As a state officer she will be a delegate to the national meeting.

Thirteen students and Mrs. Syvar attended the convention. Making the trip were Barbara Edens, Clydette Stille, Verla Stanley, Derinda Garrett, Mary Spooner, Karen McKissick, Sharon Reed, Joy Bohannon, Noreen Couch, Phyllis Nuckolls, Mary Crossland, Karen Roulet and Brenda Golden.

News in Briefs

Northeastern A & M's march to the National Finals in Hutchinson was halted when the third ranked Cameron Aggies of Lawson edged the Norsemen, 99-96, in a two-overtime semi-final struggle at Tulsa's Oral Roberts' University.

Cameron went on to defeat the St. Gregory's Cavaliers of Shawnee in the state championship contest, and thus earned a berth in the Nationals, Mar. 14-18, in Hutchinson.

Coach Cletus Green's cagers gained third place in the state meet by defeating the Northern Mavericks of Tonkawa, and ended the season with a fine 18-11 record.

NEO's annual Aggie Day will take place next Wednesday. All students are urged to wear cowboy clothes to make the day a success. Along with Aggie Day will be a dance from 7:00-10:00 p.m. on NEO's campus. Aggie Day is recognized as one of the most popular of campus events.

Terry Ash, senior halfback from Afton, has signed a letter of intent to attend Northeastern A&M and to participate in football. Ash is an all-district and all-state halfback.

Four faculty members at Northeastern A & M represented NEO at the 22nd National Conference on Higher Education March 6-9 in Chicago.

College representatives were Helen McGee, English instructor; Bobby Woods, head of the journalism department; Don Caskey, botany instructor; and Bob Anderson, humanities instructor.

Leadership and change in higher education was the theme for the conference, sponsored by the association for higher education.

LITTLE MAN ON CAMPUS

"YOU KNOW HOW FAST HE JUMPS INTO BED? WELL, LAST NITE THE BOY IN THE DOOR SHORT-SHEEDED HIM."

Clothes make the man, or woman, and to prove this Terry Nixon and Francine Poulos received gift certificates for being the best dressed boy and girl on campus. Presenting the awards, furnished by local merchants, is Derry Pilsenberger, Student Senate, president.

Student Senate Picks Best Dressed Students

Two Tulsa students, Terry Nixon and Francine Poulos, were selected by the Northeastern A & M Student Senate and faculty as the best dressed students on NEO's campus. Charles Angle, dean of student affairs, said efforts will be made to encourage the continuance of dress up days and the "best-dressed!" contest each year.

The Air Force doesn't want to waste your college education any more than you do.

Are you afraid of becoming part of the woodwork on a job? Your career stunted by boredom? Few promotions in sight? You didn't go to college for that. And it needn't happen, either. Because you can pick the United States Air Force as your employer. Career opportunities are so vast... you'll get a better chance to specialize where you want... in the forefront of modern science and technology.

Suppose, just for example, you wanted to be involved in Electronics. This area alone includes Communications-Electronics, Missile Electronics, Avionics, and others. And these, in turn, involve administrative, research, and other technical aspects. That's just a tiny part of the whole Air Force picture. Just one brilliant opportunity area among many.

You'll enjoy good pay, promotions, chance to travel, active social life, fine retirement benefits. And you'll be serving your country, too. Or maybe you want to fly? That's great. The Air Force is certainly the place to do it. As a college graduate you want something extra out of life—to aim at an exciting goal. So send in this coupon. Make sure you don't get stuck where nothing much is happening.

College Purchases New Shorthand Equipment

Three Multiple Channel Dictation Machines have found a friendly home in the business department of Northeastern A&M. Described variously as teacher-multipliers and the greatest improvement in shorthand technology, the equipment was purchased at a cost of over \$3,000.

Operating on the same basis as a closed-circuit radio net work for the classroom, the Dictaphone Class-Master consists of teacher transmitters which send the lesson dictation to student

outlets on each desk. Through the three channels are presently used only for shorthand dictation, in the future they will also be utilized by typists-dictation being taken directly from the machine into the typewriter.

Mrs. Gladys Oopen, head of NEO A&M business department, commented, "The machine improves shorthand skills much faster and the students progress individually." Individual progress is governed by which of the three speeds available the student prefers. Progressing at their own rate prevents the faster students from becoming bored and the slower ones from feeling inferior.

Stiles Elected As Aggie Proxy

Tom Stiles, Okmulgee, is the second semester president of the Aggie Society with Bob Steel, Slatolook, serving as first vice president and Vic Gentry, Whitman, Neb., as second vice president.

Other officers include Nick Andrews, Kansas, Okla., secretary; J. D. Jennett, Sarcoxie, Mo., treasurer; Tom Tuzil, Baldwin, Kan., reporter; Eugene Rahn, Vinita, sergeant-at-arms; Jim Rawson, Burwell, Neb., parliamentarian; Don Payne, Dewey Student Senate representative, and Mike Steckel, Taylor, Neb., alternate representative.

Albeit the dictation machine was designed primarily to eliminate some of the teacher's problems induced by a heavy work schedule and large enrollment, it has proved to be of other value.

Miss Ava Welsh, who utilizes the new equipment in her college shorthand class and in the stenographic Manpower Development and Training Act program, explained that the Class-Master not only freed her to circulate around the class giving individual help to students but also gave students the opportunity to hear dictation from various voices and not hers only through the course of a semester's work.

Speaker Proves NEO's Smartest

Are girls smarter than boys? The grade point averages at Northeastern A & M point to the fact that the girls possess the brain although the boys still hold a slight edge in the brawn.

The girls in Speaker Apartments proved just that as they achieved the highest over-all bora grade point average with a 2.875. Following close behind was Vann Hall 3rd floor with an over - all average of 2.422. A grade point average of 2.300 was the best the boys could offer with Russell Hall leading the pack. Last but not least was Kah-Ne-You-Ah placing fourth.

Cagers Capture Fifth Straight

Cletus Green's Norsemen basketballers chalked up their fifth consecutive conference triumph and 14th victory of the season by downing Okmulgee Tech, 75-63, in a Bi-State Conference tilt, Feb. 14 at Okmulgee.

NEO outshot Okmulgee 31-24 from the field, and connected on 13-24 free throw attempts, while Tech meshed 15-21 from the gratis line.

The Norsemen placed four men in double figures, paced by Bill Hull's 22 points. Barney Zeigler and Dave Lofton chipped in with 13 markers apiece, while Gary Jones counted 10.

Norse Nail Down Tie For Bi-State Champs

Coach Cletus Green's Golden Norsemen nailed down a share of first place in the Bi-State Conference by pounding Okmulgee Tech, 75-59, in a March 1 contest at Miami.

Ending its regular season schedule with a 17-11 record, NEO shared the conference title with St. Gregory's, both teams compiling 8-2 final readings. Bacone's pesky Warriors knocked St. Gregory's out of sole possession of first place by ambushing the Cavaliers 81-71 in the concluding conference tilt for both teams.

Despite Danny Thornton's 31 points, the Technicians, who wound up one step out of the conference cellar with a 2-8

mark, were never in the game, trailing 40-36 at the half.

Holding the upper hand throughout the encounter, the Golden Norse placed three players in double figures, topped by Bill Hull's 21 points. Gary Jones and Ron Young, with 20 and 12 points, respectively, were the only other Norsemen in double figures.

The locals outshot the Technicians only 29-25 from the floor, but meshed 18-22 free throws for a sizzling 82%.

Roger L. Parmley, alumnus of NEO, has been appointed retail salesman by Gulf Oil Corporation's Agricultural Chemicals Farm Center in Rushville, Ind.

Intramural girls champions at Northeastern A & M are pictured with their physical education instructor, Mrs. Rose Wilkins, right. The champions from left are Dorothy McKinney, Miss. freshman, bowling; Meda Nit, Jay freshman, horseshoes; Beth Morelan, Miami sophomore, pingpong, and Mrs. Wilkins. The trophies were offered to promote interest in various intramural activities for women students and to encourage participation in physical fitness programs for all coeds.

Pulsating Overtime Play Lets Aggies Edge Norse

Cameron's 3rd ranked Aggies stampeded from seven points behind in the last two minutes of regulation time and went on to edge the Golden Norsemen, 89-86, in pulsating overtime action at the Miami Civic Center, Mar. 2.

Coach Cletus Green's determined eagles owned a 37-34 advantage at intermission, and maintained a commanding position throughout most of the second half.

The score was knotted 10 different times during the contest, six times in the initial half, three during second half milling, and once again in the overtime session.

The rampaging Norse had carved a seemingly safe 81-74 lead with 2:18 to go in the exciting rivalry. The visitors, however, dominated the last two minutes of action, and Bill Bullock's 25-footer at the final gun

provided the 82-82 reading at the conclusion of regulation play.

Bullock and Dave Lofton matched goals at the outset of the overtime session to knot the count at 81-81. A free throw and a dunk shot by the Aggies

Sam Hill, who scored 23 points, gave Cameron an 87-84 bulge with 1:06 remaining. Lofton connected once again for the locals with 42 seconds showing on the

clock, but the contest belonged to the visiting Aggies.

Lofton led the Norse, and all scorers, with 25 points. He was followed closely by Gary Jones and Bill Hull, who rammed in 24 and 23 points, respectively. Hull also grabbed 13 rebounds to lead NEO in that category. Ron Young chipped in with 10 rebounds as the locals battled the high-ranked Aggies to the wire.

Bill Hull, 6-7 sophomore, was the only Golden Norsemen named to the Region II all-star squad, according to Leo Canady, Chairman.

Roundballers Reach Tourney Semi-finals

After a close first half, Northeastern A&M caught fire and singled the Bacone Warriors, 86-70, to join St. Gregory's, Cameron, and Northern in the semi-finals of the State Juco Tournament, being held at Oral Roberts University in Tulsa.

Five Tracksters Attend OU Meet

Unfolding the 1967 track season for Northeastern A&M, five Norse trackmen attended the Oklahoma Federation Meet, Feb. 27, at the University of Oklahoma.

Participating in the meet from NEO were Ned Kessler, Edmond freshman, one mile run; Johnny Checotah, Okmulgee freshman, 60 yard dash; Bruce Sonnenfeld, Bartlesville freshman, 600 yard run; and Lonnie Buller, Tulsa freshman, 1,000 yard run.

The order for the mile relay was Sonnenfeld; Kessler; William Sprague, Bellair, Texas freshman; and Checotah.

The Norse Relays will be held here on April 8, followed by out of state meets at Kansas State, April 11; Butler County, April 15; Coffeyville, April 18, and Southwestern Missouri State, April 29.

1st seeded St. Gregory's and 2nd seeded Cameron advanced with easy triumphs, while the Northern Mavericks were having a little trouble with Eastern. The Cavaliers shot down hustling Connors 115-81, after leading by only one point at the half. Cameron, on the other hand, encountered no trouble at all in punishing OMA 112-72. Northern became the third semi-finalist with a come-from-behind 75-65 conquest of Eastern.

Leading only 39-32 at intermission in what was expected to be a toss-up, the Norsemen exploded early in the second half and raced on to their easy victory.

Ramming in 11 field goals and a free throw, Bill Hull once again topped all Norse point producers with 23 tallies. He was backed up by Gary Jones, Dave Lofton, and Terry Johnson with 18, 14, and 11 points, respectively.

The winner of the State Juco meet will advance to the National Tournament in Hutchinson, Mar. 14-18.

What could be a more appreciated birthday wish, than for a perfect season. Baseball coach Bob Maxwell took time out from practice to share a piece of birthday cake with some 40 Norse hopefuls and his wife and two daughters. Baseball practice started Feb. 8 in the college gym with the party coming as a welcome relief for the boys.

Hull Paces Cagers

Preparing for the Mar. 2 clash with powerful Cameron, the revengeful Northeastern A & M Golden Norsemen thrashed the Kansas City Blue Devils, 76-58, in Kansas City, Kans., Feb. 25.

The Norse triumph avenged an 83-82 Kansas City victory in a game played at the Miami Civic Center, Feb. 4.

In bringing their seasonal record to 16-10, the Norsemen broke into an early lead and romped to a 44-28 bulge at the end of the first half. The Blue Devils matched the Norse bucket for bucket during the second half, but the NEO defense had already written the ending to this revengeful tale.

Forward Bill Hull paced the NEO scoring attack with 25 points, followed by center Gary Jones with 18. Terry Johnson

was the only other Norsemen in double figures scoring 10 points.

Cagers Upset St. Gregory's

Meshing 52% from the floor and 72% at the free throw stripe, the Golden Norsemen dealt 11th ranked Shawnee St. Gregory's its first Bi-State Conference defeat, 79-73, at the Miami Civic Center, Feb. 21.

Leading 42-28 at intermission, NEO vaulted into an early lead and ballooned the advantage to 18-6 before the Cavaliers could get untracked. The only leads for Coach Don Summer's chargers were 24-23, and 26-25 with six minutes remaining in the first half. The Norse, however, crammed in the next 17 points to erect the 14-point bulge at intermission.

In raising its second place

conference mark to 7-2 and seasonal reading to a respectable 15-9, NEO hit 15-30 floor attempts for an even 50% during the first half. Coach Cletus Green's cagers continued to apply the pressure after intermission, meshing a sizzling 54%.

The Norsemen also connected on 21-32 from the charity line. NEO placed five men in double figures, headed by Ron Young's 13 points. Close behind in the scoring column were Bill Hull and Gary Jones with 14 and 13 points, respectively. Other double figure scorers for the Norse were Dave Lofton with 11 markers, and Terry Johnson with 10, including six out of six

at the free throw line.

Jones, Young, and Johnson topped the rebounders with six grabs apiece. The Norse matched the Cavalier's strong board game, even though their height was evenly matched.

The impressive triumph avenged an earlier 88-73 setback suffered on the Cavalier's home court in Shawnee. Hull paced all NEO scorers in that contest with 18 points.

The loss dropped St. Gregory's overall record to 22-4, and its conference reading to 6-1. The only other Cavalier losses have been to Crowder, 5th ranked Cameron, and the Oklahoma University freshmen.

Mind over matter, is the secret of how it is possible to break boards with a bare hand.

Freshmen Baseballers Present Rosy Outlook

By DAVE CARLSON

A promising crop of freshmen baseballers present a rosy outlook for Northeastern A&M's upcoming baseball season. With the opening game being scheduled for March 14, Coach Bob Maxwell is trying to blend experienced sophomores and freshman talent into a winning combination.

Bolstering an already strong pitching staff are Richard Brown, Tulsa, who posted a 3-4 record coupled with a 1.65 ERA his senior year at Cascia Hall; Lee Williams, Oklahoma City, a smooth-throwing pitcher who had a very fine 9-2 record for O. C. Northwest; Bubba Dudley, Nashville, Tennessee, a fastballer who compiled a 5-1 record his senior season; Ken Grayson, Miami, a local pitcher who worked for a 4-2 record during the '66 campaign at Miami High; and Gary Owen, a bespectacled right-hander from Commerce. The combined record of all these freshman hurlers totals to 23 wins and 9 losses.

Freshman catchers are Jack Brown, Oklahoma City, who hit .320 for Del City last year; Eddie Collins, Bardsdall, a hustling signal-caller who hit .310 as a senior; and Dave Gustin, Tulsa, who was an All-State

catcher as he hit .402 his senior year at Tulsa. Gustin can also play the outfield.

Vying for first-base are Larry Lane and Mike Roschak, both from Tulsa. Lane was an All-City player from Tulsa Webster and Roschak prepped at Tulsa Rogers.

Working at second base are Dobby Morrison, Tulsa, who hit .295 for Tulsa Central; Mike Barnes, Sapulpa, a Magic Empire All Conference player who hit .390 for Sapulpa High; and Earnie Petterson, Picher, who having played ball for Army and local independent teams, will double as a player-coach. Earnie is the team's "oldest" player at 29, and he also has been married for ten years and has two daughters.

At shortstop is Sam Owens, Tulsa, who won All-City Honorable Mention honors while hitting .333 for Tulsa Webster.

Third-basemen include Don Jernigan, Tulsa, an All-City and All-State Honorable Mention player who hit .320 while playing at Tulsa Central; Mike Toth, Monmouth, New Jersey, an All-State who played the "hot-corner" for South Brunswick High; and Bo Allgood, Orlando, Florida, who prepped at Ocoee High.

Roaming the outfield are Mike Barkley, Tulsa, from Tulsa Central High; Gary Marrs,

Tulsa, an All-City Honorable Mention player from Tulsa Rogers who hit .313 his senior year; Dick Adams, Athens, Ohio, who prepped at Athens High; Dan Hopper, Miami; Doug Matthews, Picher; and Roger Whittaker, Tulsa, an All-City Honorable Mention player who hit .300 for Tulsa McLain.

These 23 freshman baseballers, teamed with eight returning sophomores should provide NEO baseball fans with plenty of top-notch diamond action.

Mrs. Bonnie Synar, head of the Northeastern A & M Home Economics Department, attended the annual meeting of the Home Economics Alumni Association at Oklahoma State University, Stillwater, Saturday, Feb. 25.

NEO A&M College Archive Collection

The Norsewind – the NEO A&M College Newspaper

Digital copies of The Norsewind, Northeastern Oklahoma A&M College's student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
