Staff Members Increase By 14

Thirteen new faculty members and a theatre director manager of the new Fine Arts Center have been employed at Northeastern A&M College for the 1968-69 school term, Dr. Bruce G. Carter, president, announced.

Record Enrollment Expected At NEO

A record enrollment of approximately 2,200 students is expected for the fall semester at Northeastern A&M College, Dr. Bruce G. Carter, president, announced.

"At the present time our pre-enrollment figures are higher than last year's. Also, our housing deposits are in excess of last year's, so it looks like we will be somewhat above last year's enrollment of 2,000 students," Dr. Carter said.

Students who have not taken the American College Testing programs test, which is required of all students attending college in Oklahoma, are urged to do so today in the Library-Administration building.

Classwork will begin Wednesday, Sept. 4 at 8 a.m.

Serving as head track coach, assistant football coach and instructor of history will be Don W. Rominger, Jr.

Rominger, who last year was head football coach and track coach at Minco, has held teaching and coaching positions at Commerce and the Miami Public School system.

He holds a Bachelor's degree from Oklahoma Baptist University, Shawnee and a Master's from University of Oklahoma, Norman.

Also assisting in football and an instructor of physical education will be Richard (Dick) L. Gwinn. He previously was head football coach and social studies teacher at Tulsa Central High School.

Gwinn, who received his Bachelor's degree from the University of Oklahoma and his Master's from Northeastern State College, Tahlequah, has served as student.

Building Project Expected To Be Finished Soon

Expected to be completed during the first semester at NEO is the construction of a \$1.5 million new fine arts-humanities building and physical education building and a \$178,000 renovation project of Shipley Hall.

The fine arts-humanities building will include a 1,000 seat auditorium and facilities for use by the speech and art departments.

The physical education building will include a gymnasium seating some 2,000 spectators, a six-lane, 75-foot swimming pool, tennis courts, facilities for use by

See New Buildings on page 3

Northeastern A&M Is No. 1 Juco In State

Northeastern A&M not only boasts having the number one junior college football team in the nation, but also as being the number one junior college in Oklahoma. NEO moved into the top spot with graduation of Cameron of Lawton to the four year college ranks.

Students Urged To Write For Paper

NEO students who would like to submit letters to the editor or creative articles for publication in the NORSE WIND are encouraged to do so. These articles may be turned into the public relations office, which is located in the data processing department in the Library-Administration building.

Another record attendance this fall is predicted by Dr. Bruce G. Carter, who last spring began his

See Number 1 on page 3

Dr. Bruce G. Carter, President

Welcome! On behalf of the faculty and staff, I would like to give all of you a cordial welcome to the campus of the Northeastern A&M College for the fall term of 1968.

We are especially happy to welcome back the returning sophomores who have spent a year on our campus and who are familiar with the history and the traditions of NEO.

We are most happy to welcome a great host of new freshman students on our campus and hope that you will become loyal, dedicated Golden Norsemen in every sense of the word.

We have worked hard during the summer to get the campus in the best possible condition for the beginning of another great year. We are now Oklahoma's largest junior college and we hope that all of you will work with us as we strive to become a junior college known for its academic excellence.

We hope that each and every one of you are seriously and genuinely interested in securing an excellent college education and that you will be willing to spend the time, whatever may be necessary, in order to truly become an educated individual.

Northeastern A&M has a board, comprehensive program of many subjects and with our many varied extra-curricular activities, we hope that each and every one of you will find many outlets that will help you to develop your personality and to become a splendid all-around citizen in every respect.

We believe that you will find our campus to be warm, friendly, democratic and willing to help and cooperate in every way possible. We feel that every student is important and we sincerely desire to know you and to work with you and to serve you and to help you in every way that we possibly can during the time you are a student on this campus.

Again, we warmly welcome you to NEO A&M.

Sincerely,
Bruce G. Carter
President

New Faculty . . .

ent football coach at OU and assistant football coach at Tulsa Bishop Kelley and Tulsa Central High School.

Tom Wagnon, a former Northeastern A&M student, will teach business courses. He previously taught at Miami high school for three years and has also been employed by the Federal Bureau of Investigation.

He has a Bachelor's degree from Oklahoma City University and received his Master's from Northeastern State College this summer.

Assisting Kenneth Richards, veteran vocal music instructor at the college will be Charles E. Thomas, a native of Stigler.

Formerly Director of Music at Wickline Methodist Church, Midwest City, he has appeared as a tenor soloist in opera gatas, choir tours, and in the Metropolitan Oklahoma City area.

While attending the University of Oklahoma pursuing his Master's degree, he taught applied voice, conducting and choral arrangement, assisted in directing the various school choirs and served as accompanist for applied students. In the fall term of 1967, during the absence of the regular director, he directed the University Concert Choir and was in charge of university choral activities.

Thomas received his Bachelor's degree from Southern Methodist University, Dallas, Tex., and his Master's from the University of Oklahoma. He has completed several hours towards a doctorate in music education at O.U.

Jerold Graham will be teaching stagecraft, art, and humanities in the communications division. Graham, who has taught art the past eight years at Tulsa McLain high school, is a member of the Tulsa Artists Guild and has exhibited his works in various shows including the Gilcrease and Philbrook Museums. He has also won several awards in sculpture, including the Oklahoma Artists Annual at Philbrook.

Graham has served as president of the Art Teachers Association of Tulsa; Art Curriculum Committee and as editor of the "Oklahoma Art Lines" publication.

He has also been a consulting artist and designer of Center Stage Productions, Inc. of Tulsa. In this capacity he designed sets for KTUL television, including the "Mr. Zing and Tuffy" show, and sets for the recent Miss Oklahoma Pageant.

He received his Bachelor's degree from the University of Tulsa and is completing requirements for his Master's degree in sculpturing at the University.

Raymond G. Boyd, will serve as instructor of English. He holds a Bachelor's degree from the University of Arkansas, Fayetteville, and is completing requirements for his Master's degree from the University of Tulsa.

Boyd formerly taught at Memorial High School, Tulsa.

Serving as instructor of psychology will be Rufus F. Maynard, a former student of Northeastern A&M. He has both a

Bachelor's and Master's degree from Kansas State College, Pittsburg.

He has previously held positions as a graduate assistant at Kansas State College, with Continental Oil Co. and this summer has been employed in the Psychology department at Eastern State Hospital, Vinita.

Beverly Mattson of Glenview, Ill., will join the library staff at NEO. She is a spring graduate of State College of Arkansas, Conway.

Joining the communications division as an instructor of English will be Nicholas A. Calcagno from Bradford, Penn. A World War II veteran, he has taught at the Overseas School of Rome, Rome Italy and in New Jersey, California and Maryland.

He has a Bachelor's degree from St. Bonaventure University, N.Y., and his Master's from Seton Hall University, South Orange, N. J. He has also attended George Washington University, Washington, D.C., University of Southern California and Otis Art Institute, Los Angeles.

Georgene Payne, a specialist in reading, will teach developmental reading and reading improvement. The native Wewoka received her Bachelor's degree from Oklahoma College for Women, Chickasha and her Master's from the University of Oklahoma. She is presently pursuing her doctor's degree at Oklahoma State University, Stillwater.

Prior to accepting the position at NEO College, she worked with the special reading program at Butner School in Cromwell and was engaged with the Upward Bound Program in developmental reading at Oklahoma Baptist University. Other teaching positions include Depew, Marlow, Seminole, Oklahoma City, Tulsa, and Perryton, Tex.

Mrs. Payne has three children.

Paul John Sullins has been employed as instructor of zoology and botany. He holds a Bachelor's degree from Little Rock University, Ark., and is presently concluding requirements for his Master's degree at the University of Arkansas.

Sullins has taught at Pine Bluff, Ark., and served as research assistant at the University of Ark.

Serving as manager of the new Fine Arts center and theatre director will be Carl St. Clair. He was previously stage manager of the Tulsa Civic Assembly Center and stage director at Tulsa McLain High School.

St. Clair, who has coordinated the last four successive Miss Oklahoma pageants, has also directed the design and construction of various television shows including Tulsa KTUL's "Mr. Zing and Tuffy."

Other professional productions which he has assisted include the Ice Capades International and the Road show companies of "The Music Man" and "My Fair Lady."

He also directed the founding of the Center Stage Productions, Inc., Tulsa and presently serves as president of the organization.

George Allen Algard, of Big Timber, Mont., will be teaching in the biological sciences division.

His previous positions include a teaching assistant at Montana State University, Bozeman, Mont., park ranger naturalist at Yellowstone National Park, Wyoming and at Death Valley National Monument, California. He has also been employed with the Montana Fish and Game Department in the Information & Education Division in Helena.

Algard has a Bachelor's degree from Concordia College, Moorhead, Minn., and his Master's from Montana State University.

He is married to the former Susan E. Cranmer of Helena, Montana.

Joining the vocational-technical department as a drafting and design instructor is Leonard Bachman, a native of Commerce. Prior to accepting the position at NEO College, he was employed with Phillips Petroleum at Bartlesville as a design draftsman.

Bachman, who is a 1963 alumnus of Northeastern A&M, has a Bachelor's degree in Trade & Industrial Education from Oklahoma State University.

NUMBER 1 JUCO IN STATE

25th year as president of NEO. "We expect 2,200 or more students. Many of them already have enrolled. The rest will be here today and tomorrow," Dr. Carter said.

When Dr. Carter assumed the presidency in 1943, there were fewer than 100 students at Northeastern after the semester break, and the week Dr. Carter was appointed president a legislator proposed that the school be closed for insufficient enrollment.

Then the smallest of Oklahoma's jucos, Northeastern had 10 faculty members and one custodian to maintain the five buildings on the tiny campus. The teachers, incidentally, were paid \$1,800 (men) and \$1,500 (women) a year.

Today, Northeastern's faculty of 85 members receives an average salary of \$9,200, the highest among the two-year schools and higher than some of Oklahoma's four-year teacher colleges.

Since Carter's arrival, the college has added 21 buildings averaging almost one a year-for a current total of 26, counting the arts-humanities building and health-physical education structure scheduled for completion this semester at a combined cost of \$1,750,000.

The school's building boom got a giant push in 1963 when an Urban Renewal project cleared 30 residential acres to make room for college expansion. Since then 10 buildings with a \$5 million price tag have gone up in handsomely landscaped surroundings south of the original campus.

Northeastern's enrollment last fall was 2,089, more than doubling the total of a decade before, and the growth trend will continue, Dr. Carter confidently predicts.

"The fastest growing segment of education in the United States is the junior college. Last year 72 new ones opened their doors, and another 180 are now being built."

Northeastern Faculty Assignments Listed

Faculty assignments include: Dr. Cecil Ferree, dean of instruction and government instructor; Charles Angle, dean of student affairs and social studies instructor; S.A. (Red) Robertson, dean of men, history instructor and director of the Work Study Program; Mary Roddy, dean of women and instructor of psychology; Mildred Carter, business manager; Elizabeth Hutts, registrar and director of admissions; Jana L. Thompson, assistant registrar; Joe Hudspeth, director of housing, and counseling and guidance; Kenneth L. Collins, director of public relations and instructor of journalism and Charles (Chuck) Bowman, athletic director and head football coach.

Elizabeth Paine, head librarian; Marie Lair, assistant librarian; Linda West Bibb, music librarian and Beverly Mattson, library.

Teaching assignments include Joe W. Ables, vocational-technical; George Algard, biological sciences; Leonard Bachman, drafting; Carol Barnett, licensed practical nursing; Elmo Benedict, machine shop; William Bennett, social science; Raymond Boyd, English; Neil Burcham, agriculture; Doris Burnes, foreign languages; Nicholas Calcagno, English; Donald Caskey, botany, and Merrill Chaney, woodworking.

Also, Gracie Coble, mathematics; Eldon Divine, industrial education; Helen McGee, Durham, English; David Froman, humanities and speech; Pauline Gibson, English; Jerold Graham, humanities; Cletus Green, head basketball coach and physical education; E. J. Grieshaber, social science and James Grover, data processing.

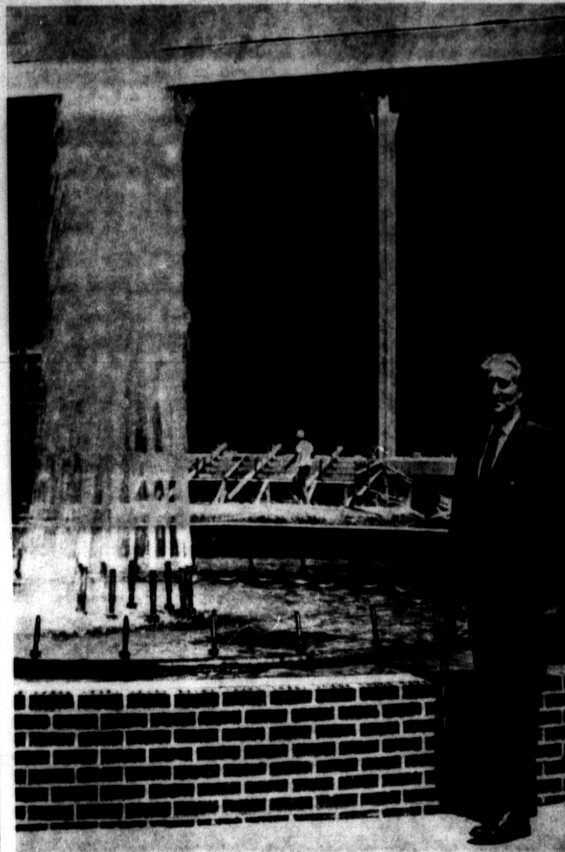

Also, Archie Gwartney, business education; Richard Gwinn, physical education and assistant football coach; Dorothy Hall, practical nursing; John Hammons,

English; Rogena Harrison, English; B. J. Heinrich, chemistry; Bill Hill, data processing; Joe Holland, business education; Jerry Hollis, chemistry; Don Hughes, physics; Jesse Jones, data processing; Leland Kordis, electronics; James E. Lowry, mathematics; Dr. Weldon Marcum, literature of the Old Testament, and Robert Maxwell, physical education.

Also, Ruth Maxwell and Jack Rucker, English; Jack Wallace, physical education and assistant dean of men; Rose Wilkins, physical education; Joetta Melton and Marie Williams, business education; Rufus Maynard, social sciences; Dr. Clark McQuigg, physics and engineering; L. C. Melton, auto mechanics; John Micka, chemistry; J.C. Miller, agriculture; Carol A. Morris, licensed practical nursing; Oran Need, mathematics; Kathryn Paige, art and Georgene Payne, developmental reading.

Also, Herbert Pinc, social science, counseling and guidance; James Reese, data processing; Kenneth Richards, vocal music; Don Rominger, social sciences, physical education, assistant football coach and head track coach; Leonard Smith, machine shop; John Sullins, biological science; Robert Swanson, music and band director; Bonnie Synar, home economics; Harry Synar, agriculture; John Thiesing, mathematics; Charles Thomas, music; Homa Thomas, business education and John Tiger, physical education and social sciences.

Also, Tom Wagon, business education; Samuel H. Wells, geology; Ava Welsh Sherwood, business education; Bob White, speech and debate; Shirli White, humanities, speech and theater; J.D. Withoit, drafting and design and Virginia Wilson, physical education and Norse Stars.

INCOMPLETE but already imposing is the new fountain which is directly in front of the Library-Administration building. The large fountain, which will be spectacularly lighted, was made possible by a \$600 gift from the Miami Lions club. In the background is the fine arts center which along with the new field house presently under construction is expected to be completed this semester. Understandably proud is Dr. Bruce G. Carter, college president.

CALENDAR OF EVENTS

Open Mixer and reception in Carter Student Union at 7:30 p.m.	Sept. 3
Night School Enrollment	Sept. 4
Aggie Sponsored Mixer	Sept. 11
Class Elections (Tentative)	Sept. 12
Cheerleader Sponsored Mixer	Sept. 18
Parent's Day	Oct. 5
Blood Mobile	Oct. 10
High School Seniors guests of college at Chicago Wilson football game	Oct. 19
Homecoming	Oct. 28
Religious Emphasis Week	Nov. 11-13
Student Senate sponsored Childrens Christmas party	Dec. 16
Music Festival (Tentative)	Mar. 6-7
Science Fair	Mar. 21-22
Aggie Day	April 12
Press Day	April 18
Senior Day	April 25

BUILDINGS

the Norse Stars drill team, dressing rooms, storage space and offices for the athletic department.

Shipley Hall, more commonly known as the old administration building, is being renovated by Goins Construction Co.

When completed the building will house the social sciences division, English, mathematics, journalism and public relations department, work-study program and the Dean of Men's office.

WANTED: Students to join the Norse Band. Travel to the Centerville, Iowa and Kilgore, Texas football games and on other occasions throughout the year. Years of experience not important. All kinds of players needed. Students receive regular college credit. Practice daily at 1 p.m. Contact Dr. Robert Swanson in the college band room.

Evening School Enrolls Sept. 4

Enrollment for the Adult Evening School at Northeastern A&M will get underway at 7 p.m. Wednesday, Sept. 4 in the Carter Student Union, according to William Russell, director of the evening division.

"Forty-seven courses in the fields of business, vocational technical, IBM, art, mathematics, music, communications, guidance, foreign languages, real estate and social studies are now scheduled, and others will be added to meet the needs of students," Russell stated.

"A minimum of 12 students have to be enrolled before a class can be taught, but anyone who is interested in a particular course which is not listed should contact the college," he added.

Students who attended the evening classes will receive solid college credits towards a degree.

Classes, which are taught by regular day school faculty members, will be held Monday through Thursday, from 7 to 9:45 p.m. with the exception of guidance and Oklahoma history which will begin at 6 p.m.

Members Needed For Symphonic Orchestra

Students who are interested in joining a community symphonic orchestra are urged by Dr. Swanson, NEO band instructor, to attend the first rehearsal Monday, Sept. 9 at 7 p.m. in the college band room.

"The purpose of the orchestra is to play all types of music from Bach to contemporary, enjoy one's self and possibly, to perform at community activities in the future," Swanson said.

"The number of years that students have played instruments are not important," he said. "We take students no matter what level of performance they are and develop them to our own level."

Swanson stated that he especially needs students who can play violins, violas, cellos, and bass violins. Students who can play woodwinds and brass instruments are also needed.

"Students who know how to play an instrument but do not have one with them should not

let this stop them from joining the orchestra. Because in most cases the college will be able to furnish them an instrument," Swanson said.

Swanson stated that students who have any questions about the orchestra may contact him in the band room anytime during the week.

Draft Forms Available

Male students who are 18 years of age are urged to go to the college registrar office and obtain a draft deferment form, number 109. The form states that you are a full time student presently enrolled in Northeastern A&M. It is also recommended that you obtain a deferment request from the local Selective Service office located on the third floor of the Post Office building.

15 Golden Norse Lettermen Return

CHUCK BOWMAN
Head Football Coach

Coach Bowman Views Season

Winning the National Championship in 1967 certainly put our '68 team on the spot. Every team we play, and especially our opening opponent at Centerville, Iowa, will have special desire to defeat us. It appears we are in for a very "interesting" season.

We are happy to have six fine home games and with Kilgore, Tex., Ft. Dodge, and Centerville, Iowa to visit, our schedule is one of the best in the nation. Few teams have as comprehensive schedule as we.

Our spring practice, which followed a thorough winter program, gave us an opportunity to see our freshmen prospects perform. The coaching staff was made well aware of graduation gaps. A team does not lose players of Bill Kelley, Tom Crego, Al Consuegra, and Bubba Dudley quality and not feel its effect.

It appears our major concerns will be finding offensive replacements. All but two boys graduated from our offensive team. Returning are Center, Joe Horschell and guard, Mark Mercurio. We are counting on sophomore talent to play this fall; however, with some outstanding freshmen prospects coming, many new young faces could break starting lineups.

Quarterbacking is always the coach's main concern. Having two All-American signal callers in two years was a coach's dream. Perhaps having three in a row is asking too much. But if we get off to a good start and have a successful season, our chances with Randy Crow are excellent. Randy is a very capable leader and with continued improvement, in his throwing ability, will be an outstanding boy. He is durable and intelligent with a 4.5 second speed for 40 yards.

The 1968 edition of the Norsemen football team should delight the defensive interested fan. With returning regulars is Ron Yankowski, Tom Fletcher, David Slatton, Bart Graves, Barty Chappell, and part-time starters Rod LaCourse, Jim Frohnappel and Jesse Ballou, our defense should be tough. This crew, with their sophomore counterparts in '67, held the opposition to 10.6 points per game.

In conclusion may I add our thanks to each NEO fan for their loyal support last year.

RON YANKOWSKI, Defensive Tackle, 6-4, 285 Picher, Okla.

One of the finest players to come to NEO last season Yankowski was one of the leaders on defense with 88 defensive plays. Strong and rugged and a natural hitter, he definitely has All-American potential.

TOM FLETCHER, Linebacker, 6-11, 187 Circleville, Ohio.

Another potential All-American, Fletcher can only be described with the word "quickness." His 1967 statistics include 100 defensive plays, second only to All-American, Ronnie Lowe.

JOE HORSHELL, Center, 6, 188 Eau Gallie, Fla.

One of the strongest offensive linemen at NEO, Horschell's hustle may develop him into All-American categories.

BARTY CHAPPELL, Linebacker, 6-4, 185 Mince, Ohio.

A starter last year as defensive tackle, Chappell will be moved to middle linebacker due to his quickness and development in Spring practice. Hard work at this position could lead to star status. He had 57 defensive plays in '67.

JIM FROHNAPPEL, Defensive Tackle, 6-1, 190 Tulsa, Okla.

A tough and aggressive player, Frohnappel is expected to be a big asset on defense.

BART GRAVES, Defensive End, 6-3, 200 Marshal, Tex.

With 53 defensive contacts in '67, Graves is expected to once again be one of the spear heads for the Norse defense.

MARK MERCURIO, Offensive Guard, 6, 185 Cincinnati, Ohio.

One of the finest blockers on the squad, Mercurio is always striving to become a better lineman. If he continues at a pace he is going, he will be one of the best.

DAVID SLATTON, Defensive End, 6, 187 Sand Springs, Okla.

An All-State tailback in high school, Slatton improved every game in '67 as a defensive end. After 66 defensive stops last year, NEO can expect an outstanding season from him.

TERRY ASH, Speedback, 5-9, 165, Afton, Oklahoma.

After making 23 stops in 1967 as a defensive halfback, Ash will be counted on as a pass receiver this season. A high school sprint champion, he is also a punt and kick-off return specialist. With a 4.9 average, he was the squad's most outstanding student.

JESSE BALLOU, Safety, 6-1, 170, Bonham, Texas.

An All-State back in high school, Ballou is considered to be the finest deep back on the NEO defense and will be the strength of the secondary.

STAN BEESLEY, Tailback, 6, 183, Tecumseh, Okla.

Beesley has the strength and durability to be counted on as one of next year's running threats. He had a 3.3 average on five carries after one touchdown in '67.

RANDY CROW, Quarterback, 5-8, 168, Bremen, Okla.

Crow was the leading candidate for starting quarterback in spring practice. A good student, his speed in running capabilities may complement his mechanics to be the starter in '68. He gained 41 yards in 7 carries last season and completed 3 out of 13 passes with one touchdown.

MIKE WADZITA, Offensive Guard, 5-9, 168, Arlington Heights, Ill.

A starter in spring practice, Wadzita saw plenty of action in '67 as one of the most consistent blockers.

RICHARD FESTA, Offensive End, 6-2, 196, Pompano Beach, Fla.

Festa has the size to be a good receiver as well as a good lineman and should see action.

TOM (Rusty) HUBBARD, Offensive Tackle, 6-2, 215, Burkburnett, Texas.

An excellent prospect, Hubbard can help the squad with more physical progress.

NJCAA FOOTBALL COACHES PICK NEO

Northeastern Oklahoma A&M at Miami, last year's National Champion, was the "pick" of the National Junior College Athletic Association football coaches in their annual pre-season poll. Henderson County at Athens, Texas, was runner-up in the voting. And Taft, California's lone entrant in national competition, was third.

THE TOP TWENTY

- Northeastern Okla. A&M (Miami)
- Henderson County (Athens, Texas)
- Taft (California)
- Mesa (Grand Jct. Colo.)
- Arizona Western (Yuma)
- Ellsworth (Iowa Falls, Iowa)
- Kilgore (Texas)
- Ferrum (Virginia)
- Treasure Valley (Ontario, Oregon)
- Centerville (Iowa)
- New Mexico Military Inst. (Roswell)
- Phoenix (Arizona)
- Tyler (Texas)
- Iowa Central (Fort Dodge)
- McCook (Nebraska)
- Cisco (Texas)
- Lees-McRae (Banner Elk, North Carolina)
- Mesa (Arizona)
- Wesley (Dover, Delaware)
- Fort Scott (Kansas)

The 1968 NJCAA Football Championship will be decided in the "Shrine Bowl" at Savannah, Georgia, on Friday night, November 29. The two participating teams will be chosen from the top teams in the weekly ratings by a selection committee of NJCAA officials.

NEO A&M College Archive Collection

The Norsewind – the NEO A&M College Newspaper

Digital copies of The Norsewind, Northeastern Oklahoma A&M College's student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
