

2023-2024 Financial Aid Verification

Independent Student Instructions and Form

Your FAFSA application has been chosen for verification. The United States Department of Education requires schools to verify approximately one-third of all applications submitted to them. In order to complete your verification, NEO needs this worksheet and several other documents to be submitted to our office in order to determine your eligibility for federal financial aid. Verification is a ***process***, so as we review your documents we may ask for more information or documents to clarify any conflicting information. ***No federal financial aid can be awarded to you until all requested documents have been received, reviewed and processed.***
