HISTORY OF PRESIDENTIAL PARTNERS AT NORTHEASTERN OKLAHOMA A&M COLLEGE

PRESIDENTIAL PARTNERS ARE CHANGE MAKERS

Since its inception in 2009, the NEO Presidential Partners program has been instrumental in improving NEO in areas that are often underfunded. From cultural mainstays like Miss Indian NEO to student necessities like ACT prep courses, support from the Presidential Partners ensures that students have the resources they need to succeed.

To date, Presidential Partners have supported nearly half a million dollars in projects on campus. The heart of NEO is the student body, and our Presidential Partners support students in a variety of ways. One prime example is the Textbook Bank, which allows students to visit the library to use textbooks from the most common courses on campus free of charge.

Presidential Partners also support academic awards such as the Top Ten Freshmen. Each year, we have the opportunity to recognize the cream of the crop, highlighting the ten most outstanding students during their freshmen year. Additionally, Presidential Partners support student and academic clubs across campus to encourage students to get the most out of their college educational experience.

Many of our students excel not only in the classroom, but on the field, arena, mat, or court as well. Presidential Partners show our nationally competitive athletic teams their appreciation in many ways, including travel expenses and national tournament gear. A student-athlete truly feels the support of our alumni and the community when they receive shirts or jackets for their national title run.

To maintain an excellent student body, we must also support our faculty and staff. The Presidential Partners show their support each year through funding of the NEO Service Awards. These awards highlight new talented employees as well as those who have gone above and beyond their job description.
