

2024-2025
Financial Aid Verification
 Dependent Student Instructions and Form

Your FAFSA application has been chosen for verification. The United States Department of Education requires schools to verify some of the applications submitted to them. In order to complete your verification, NEO needs this worksheet and may need other documents to be submitted to our office in order to determine your eligibility for federal financial aid. Verification is a **process**, so as we review your documents we may ask for more information or documents to clarify any conflicting information. **No federal financial aid can be awarded to you until all requested documents have been received, reviewed and processed.**
